# FRENCH LINE SWAYS UNDER TEUTON DRIVE

Berlin Reports Gains at  
Verdun and Capture  
of 1700 Prisoners

Vast Activity on West  
Line Announced by  
Paris Office

BERLIN, April 18.—Important French positions north and northeast of Verdun have been captured by the Germans, it was officially announced today. Works south of Haubertmont farm and 700 yards of heights northwest of Thiaumont farm, near Douaumont, were taken. The Germans seized 1700 prisoners.

PARIS, April 18.—German soldiers from five divisions, aggregating 100,000 men, participated in yesterday's attack east of the Meuse. It was officially announced today. The French were particularly active in the Chaufour forest, northwest of Douaumont.

GERMAN ATTACK.  
The Germans attacked violently on a rugged front extending from the Meuse southeast to the Douaumont-Ornes road. They prepared for the assault with twelve hours of gunfire that sounded like a continuous rolling of drums.

The first onslaught was delivered in a ravine southeast of Pepper Heights. Time and time again German waves swept forward, only to pile up in bloody confusion against French defenses. Shrapnel from French guns filled the air, sweeping the German ranks, while a rain of bullets from hidden machine guns pattered over every foot of the rugged slope until the wooded slopes of the ravine were carpeted with corpses and bodies choked the gorge below.

Defeated in the ravine, the Germans extended the fighting to their flanks. A division marching southward along the west bank of the Meuse from Talon Heights came under a severe fire and retreated. The heaviest blow was delivered on the eastern wing. Two divisions were hurled into Chaufour and Ablain Woods, attempting to reach the Douaumont-Bras road. The first attacks were repulsed by concentrated fire before it reached the French rifle pits. The second and heavier charge carried several advanced positions and captured a redoubt in an exposed salient northwest of Douaumont.

French counter moves, said the communiques, were successful against these advanced posts, while the Kaiser's men took yesterday. Both sides' losses were very heavy in the hand-to-hand bayonet fighting which took place in the shell-wrecked woods during the battle.

## Various Forms Of Headache

"It is necessary in order to treat headache properly to understand the causes which produce the affection," says Dr. J. W. May, of Blockley, Ala. "Continued headache is not only a nuisance, but it is a warning of a disease without knowing what causes it is to give a remedy intended to counteract the cause which produces the headache, but we must also give a remedy to relieve the pain until the cause of the trouble has been removed. To answer this purpose, anti-kamnia tablets will be found a most convenient and satisfactory remedy. One tablet every one to three hours gives comfort and relief in the most severe cases of headache, neuralgia and particularly the headaches of women."

When we have a patient subject to regular attacks of headache, we should caution him to keep his bowels regular, for nothing is better than "Aetolia," and when he feels the least sign of an oncoming attack, he should take a few anti-kamnia tablets. These tablets are prompt in action and can be depended on to produce relief in a very few minutes. Ask for A-K Tablets. Anti-kamnia tablets at all druggists.

## Snipers Make Night Attack On Pershing

COLUMBUS, N. M., April 18.—A speedy motor train carrying General John J. Pershing, expeditionary commander, together with his escort, was fired upon while driving at night from Salvo to the wireless station at Namiquipa, according to reports received here. No official confirmation of the report could be obtained by military authorities here, nor could it be learned whether the report was based upon the attack upon General Pershing's supply train on its way to Salvo on April 11.

According to the reports General Pershing was on his way to Namiquipa to attend to the sending of detailed dispatches concerning the engagement at Parral when Mexicans in ambush near Providencia opened fire on the train. There were only about ten snipers, all of whom fled when the Americans returned their fire. None of the Mexican bullets took effect, the reports said.

Reports also indicate that the Parral affair has increased the anti-American feeling among the peons.

## Pershing's Guard Defeats Bandits

CAMP OF GENERAL PERSHING, at the front, April 18 (by wireless to Columbus, N. M., April 18).—An auto train carrying the private guard of General Pershing and food and clothing for his staff was attacked last night in the mountains near here by a band of 400 men, believed to have been under the command of the Villa general, Tarranco. After a sharp fight, in which one of the attacking forces was killed, the Mexicans were driven off. There were no American casualties.

The attacked train was traveling through a brush-covered mesa, lighted by a half moon, several miles to the rear of General Pershing and his escort who were penetrating Villa territory on their way south to establish new headquarters. The engagement occurred within a few miles of a Constitutional camp.

## Native Scouts Cause U. S. Troops Worries

COLUMBUS, N. M., April 18.—General Pershing's native scouts often lead American troops into difficult and inaccessible regions where they might easily be ambushed and returning motor column guards said today that this was the reason Pershing had ordered the Mexican guides and called for more American scouts acquainted with Southern Chihuahua.

Pershing's hurried return to his wireless base was regarded as an indication of tension in Mexico. Following the Parral clash Pershing is believed to have regarded quick communication as imperative and to have recommended a halt in the southward march until safety of all advanced detachments is assured.

## Investigate Court's Treatment of Consul

WASHINGTON, April 18.—The Department of Justice is investigating the recent attempt of California authorities to enforce a court judgment against Kleantia Anastakis, the Greek consul-general at San Francisco, who claims that the court judgment violated the consul-general's treaty immunities. It may be considered a serious offense under the federal laws. The state officers have denied, however, that they touched any of the property of the Greek government in serving their writ, which was issued on application of a law firm claiming recompense for services. The officer who served the writ had a personal encounter with the consul-general as a result of which, according to advice here, the latter was confined to bed for several days.

## British Air Men Hit Turk War Ministry

LONDON, April 18.—In the British air attack on Constantinople Friday evening, two bombs dropped by the raiders burst in the war ministry, according to a report from Saloniki forwarded by the Athens correspondent of the Exchange Telegraph Company. The dispatch adds that another bomb burst in the powder factory of Mareskul, which blew up. There were numerous casualties.

## DIES OF INJURIES

James Torre, a teamster, who was injured when his team became unruly and ran away yesterday afternoon, died during the night as a result of his injuries. He was dragged almost a block. The accident happened at Third and Webster streets. Torre was employed by the Austin Freight and Transportation Company. He is survived by a widow and child.

## Parral Affair Indicates Danger

CAMP OF GENERAL J. J. PERSHING, at the front, April 17, by motor and wireless to Columbus, N. M., April 18.—The American pursuit of Villa is at a standstill because of the unprovoked attack upon American cavalrymen by the insubordinate soldiers of the Carranza garrison at Parral. At General Pershing's headquarters today there seemed no immediate prospect of the resumption of the chase while there were numerous indications that a continuation of the pursuit would meet with armed resistance.

A small party of American officers was fired upon near here last night, none of the Americans being injured. This coming on the heels of other reports of sniping, is responsible for the belief that the expeditionary command is confronted with a serious problem.

A report reached here from Carranza sources that a Villa colonel, captured near Cuahuahualco, had promised to lead a party to a grave in which Villa was said to have been buried last Friday, is generally discredited by military authorities here.

## American Troops on Way Toward Salvo

SAN ANTONIO, Texas, April 18.—Advance American detachments are hurrying toward Salvo today. Renewal of the chase for Francisco Villa under a new plan with diminished risk is believed to be the object of the temporary halt in campaigning.

General Funston said the Americans could not go beyond Salvo with their present communication lines. This interpreted to mean that Funston puts it "up to" the War Department to obtain permission for use of all Mexican railroads. The alternative is a change of base to Ojinaga. Washington must approve either move.

## ARE IN COLLISION

George and Albert Tossi, 545 Filbert street, are recovering from serious bruises and lacerations as the result of a motorcycle collision last night and George Tossi has broken his leg. They ran into an automobile driven by Ray Lucka, at Eighth and Alice streets. The two boys were removed to the Emergency hospital and later to their homes. Neither machine was much damaged.

## ON AT SAN JOSE

New City Charter Election  
Splits Voters in Two  
Groups.

SAN JOSE, April 18.—Political factions here are aligned against each other in a spirited dispute and one of the most strenuous political contests in the history of the city is now under way in the preparations for the first primary election under the new charter, which is to be held on May 1. The choice of the new city council is the crux of the situation as this body is to name the city manager, who will have practical control over all the city's financial affairs. The city manager will appoint the health officer, city treasurer, police chief and other officials. He will also name the board of education, library board and park commission and have active jurisdiction over all.

The municipal conference ticket is pledged to prevent the removal of the main coast line tracks of the Southern Pacific, the franchise for which on Fourth street expires shortly. At the present time the Southern Pacific tracks form a square around the west half of the city's business district, and it is said, the Southern Pacific had decided that to give up the Fourth street line will be inevitable.

A new route around the Oak street cemetery had been planned and this caused protests from many residents. The municipal conference ticket is pledged to force a subway at the Alameda, where the tracks cross into the business district.

The "new charter" candidates, the conference forces declare, are pro-Southern Pacific candidates.

## Monte Austin to Sing at Motor Power Show

Monte Austin, the well-known singer, whose voice thrilled the thousands who attended the baseball game in Oakland last Thursday, will be among the performers at the big Pacific Coast Motor Power Show, which opens Wednesday evening, April 22, at the Oakland auditorium. Austin has a tremendously powerful voice and he has vowed that he will be heard in every nook and cranny of the arena, above the hubbub of the crowd and even the talking of the automobile salesmen and other attendants in charge of the great automobile exhibit.

Austin says that he will accomplish this feat without the use of a megaphone, which he used while singing at the ball park. He will sing every afternoon and evening during the ten days of the show. Among the songs will be "The Motor Show," written by Miss Edith Maida Leasing, the actress, and Denison Cook. This song has been dedicated to the coming motor power show and thousands of copies will be given away to women patrons.

## SPEECH TAKEN AS FEELER FOR PEACE

Former Hungarian Premier  
Interprets German Chan-  
cellor's Remarks.

LONDON, April 18.—The Morning Post's Budapest correspondent sends the following statement by Count Julius Andrássy, the former Hungarian premier, published in Budapest, commenting on the recent speech by the German chancellor, Dr. von Bethmann-Hollweg: "The speech is actually the first official German re-echo for peace. The chancellor defines Germany's attitude quite distinctly, explaining what he wants from Russia, what he does not want from France, and also his views on financing the colonies."

"The speech is a basis whereupon peace negotiations may be begun—conditions which leave the door open to counter demands. Every one of his remarks is a possibility which carries the germ of future developments and the basis of further argument. The speech provides an outline of peace which may be reached. If Frenchmen read his words with unbiased minds they will see that Germany wants only to safeguard her frontiers. The chancellor does not ask the annexation of Belgium, but only that Belgium shall not become a bulwark of Anglo-French forces whence they could swoop down on Germany."

"The demand for indemnity from France has been dropped and the only word about indemnity is the suggestion that Russia indemnify the population of East Prussia for the devastation done there."

"As regards the German colonies, the chancellor asks only that some of them be returned. Germany will not even press for the return of all of them and considers only the probability of saving a few of them."

Education Board to  
Inspect Soldier Camp

Members of the Oakland Board of Education will inspect the Cadet's military encampment in Marin county on Friday, accompanied by a large party from this city. Oakland is represented at the encampment by students from the Technical High School. The young soldiers are under the direction of Major Mallett, U. S. A. Among the other high schools around the bay that have student soldiers at the camp are the Alameda High School and the Tamalpais Union High School.

## DEFEND SLAUGHTER WITH FLYING FISTS

Argument Started by Women  
In Church at  
Chico.

CHICO, April 18.—Following a fist fight in the Chico Baptist church yesterday, when two partisans in the controversy raging around Rev. Madison Slaughter, came to blows in his own church, Chico is seething today with the dispute. A city-wide feud has grown out of the pastor's first trial.

The trouble yesterday was started by the pastor's wife when she tried to effect Mrs. Davis, one of the witnesses against the pastor in his trial, from the church. Miss Davis, whose testimony corroborated the charges of 15-year-old Gertrude Lamson against the pastor, refused to leave the church. Mrs. Mary Partridge, a friend, was with her.

Henry Lorenz, a church usher, and George Rummel, a Slaughter supporter, attempted to interfere and as a result came to blows. They were separated by others in the church.

Mrs. Slaughter, according to the witnesses, met the Davis and Partridge girls on the steps. She informed them that "their absence from the church was preferable to their presence."

The girls retorted that they would come as they liked, and Mrs. Slaughter added, "And maybe you'll get a chance to go before the grand jury and tell some more lies."

Lorenz then took a hand in the discussion. "Go out on the street," he shouted to the girls, "and tell all the lies you can." Rummel protested, and the two men clinched. Rummel was forcibly ejected from the church.

Miss Davis was one of the witnesses in the first Slaughter trial and in the young girl, Slaughter admitted, he was administering treatment as a physician. Miss Partridge was formerly a pianist in the church and was a grand jury witness.

**ALLEGED KNIFE WIELDING.**  
Louise Lopez, 1832 Seventh street, appeared at the Emergency hospital last night, escorted by the police, to receive repairs as the result of a fight with Emily O'Brien, a neighbor. According to her story, she and her neighbor had been in an argument that ended suddenly when Mrs. O'Brien attacked her with a knife. She was suffering from several knife wounds about the arms and limbs. The police are investigating.

## Winsome Maids; Somber Roles Youth Triumphs in Everyman

(By GENE BAKER)

Death tried to speak in portentous deep bass accents last night at Mills College—but couldn't. College girls spoke the solemnities and went through the motions of "Everyman" which vibrated through Isser Hall with the sense of youth that could not key back centuries to a dark brown morality play.

"Everyman" is dark brown. It is calculated to spur the human worm into reforming through fear. After riding miles on a rocking car up Leona Heights; after crunching down winding, cypress-swathed, wind-shaken lanes with glimpses, between tree trunks, of blacker hillsides and squat far trees lined against a sickly, low dark—it will might curdle the heart of a rake steeped in old religious formulae.

Given its full emphasis of dourness, of gloom, of gaunt and hollow anatomy—it will might depress any Californian trying to celebrate via the centenary the glorious Elizabethan age.

**SAVED FROM DREARINESS.**  
But it was saved from dreariness by the loveliness of young girls with the voices of youth, the shining hair, the diffident poses and the rather shy movements of youth. Even the monks—who in the persons of Miss Both Dyant and Miss Florence Oiler—introduced the play's action by proceeding—brown-cowled and bearing lighted candles up the center aisle toward the stage—could not dissemble their abject submission. Nor could choristers who followed in white robes singing to the deep phrases of the pipe organ as they passed with open books into the region of heaven.

They had an optimistic air, temporarily subdued. Except for its lack of dark brownness the cast did distinct credit to Prof. E. O. James, who trained the students and who was responsible for the accuracy of the Elizabethan setting—a setting as near as possible to that of the time when morality plays were encouraged by the race. In

other words, a setting of dark green screens to hide a Dely, and red boxes on either side for the accommodation of Goods and Good Deeds.

**A WINSOME "EVERYMAN."**  
Miss Katherine Souder as "Everyman" performed her role with a winsomeness and grace many professionals with more force, but less taste might have lacked, and Miss Helen London made the sharpest impression of the evening when, as Good Deeds, she invited an invitation to accompany him to the other world. This promise well for the May pageant in which she will have an important role.

Another whose aesthetic share was large—though not large—was Lucile Parker, who chanted the words of God.

But for that part none of the students was either gauche or affected, and perhaps, humanized an old morality play more acceptably than "Everyman" actors. They had the naïveté of the play—from Florence Brown as Death to Miss Carter as Five Wits.

The yellow and white interior of Isser Hall is not entirely devoted to the drama, however, and to soften the degradation of "Everyman," and the warning of the messenger: "Ye think sin in the beginning full sweet. Which in the end causeth thy soul to weep."

When the body lies in clay. Thine shall you see how Fellowship and Jollity. Both strength, Pleasure and Beauty. Will fade from thee as flower in May."

Ude Waldrop gave an organ recital for an hour afterward, ending with his own "Dances of the Water Spirits" from the Bohemian Grove play, "Nes Netama," written by J. Wilson Shiele.

That connected the centuries before the visiting parents and friends waiting in the little station for the return car to Oakland.

**Great Explosion at Wilhemshaven Works**  
LONDON, April 18.—A Reuter despatch from Copenhagen says: A despatch to the Kieler Zeitung from Wilhemshaven says there was a great explosion last Friday in the new torpedo works, there, a number of persons being killed and others wounded. The works were recently finished and, except for its lack of dark brownness the cast did distinct credit to Prof. E. O. James, who trained the students and who was responsible for the accuracy of the Elizabethan setting—a setting as near as possible to that of the time when morality plays were encouraged by the race. In

other words, a setting of dark green screens to hide a Dely, and red boxes on either side for the accommodation of Goods and Good Deeds.

## CIRCUS TICKETS AWARDED YOUTHS

Tribune Gives Children Prizes  
Winners in Carnival  
Contest.

Two "splendid, big-hearted children" in this community are Margaret and William Glum of Tunnel road. Brother and sister worked in the TRIBUNE animal contest and were among the seventy-three happy boys and girls who won prizes ending March 15. Margaret and William were the only two who took part in the contest and won prizes. They looked forward with eager anticipation to the arrival of a visit to the big show with its great collection of wild performing animals.

But just before the day of the circus Margaret and William changed their minds about using their tickets. They thought of some poor children and decided some boy and girl less fortunate than themselves would have the benefit of the prizes. "It is better to give than to receive," argued the two noble-hearted children. They turned their tickets to the Blue Bird Bureau of the TRIBUNE with the request that some needy boy and girl be given an opportunity to witness the circus.

Margaret and William were not among the crowd of happy winners who were given tickets to the circus by Al G. Barnes in front of the TRIBUNE office this morning. The children were given the big show with its great collection of wild performing animals. They looked forward with eager anticipation to the arrival of a visit to the big show with its great collection of wild performing animals.

As each prize winner's name was announced by the TRIBUNE, he or she was presented by Press Agent Stanton to the kindly commendation of their success in the contest.

Garrett Eckbo Bell, thirty-second street, was the first prize winner, consisting of six reserved seats to the circus, who is quite a little fellow, met with an accident when he was riding a bicycle and stepped forward to receive his award.

The contest for which prizes were awarded this morning was conducted by the TRIBUNE. The children were asked to send names of wild animals from the letters contained in the TRIBUNE. Many of the contestants displayed considerable ingenuity in their answers.

Tickets to the Al G. Barnes big four-day wild animal circus, now in Oakland, were the coveted prizes.

**Men in Gray Will Be Reviewed in Parade**  
The Oakland Postoffice employees will hold a parade of city letter carriers, substitute letter carriers, parcel post and collection equipment, and equipment of screen wagon service Thursday.

Seven divisions will constitute the parade, which will form at 12:40 p. m. The parade will be led by a platoon of police and following in order will be the grand marshal and aides, the letter carriers' band, letter carriers, parcel post, collection equipment, and screen wagon service.

The line of march will be Broadway south to Fourteenth street, thence west to Washington street, down Washington street to Twelfth street, Twelfth street to Broadway, and then back up Broadway to the main Postoffice building.

Postmaster Rosborough and his staff will review the parade on the Broadway entrance to the Postoffice.

The grand marshal, color bearer, color guards and company commanders have been selected as follows by the committee of letter carriers: Grand marshal, Daniel J. Lohman; color bearer, Charles H. Cushman; color guards, John W. Beck, Arthur P. McPhail; captain Company 1, Thomas F. Dietzel; captain Company 2, George D. Hand; captain Company 3, Lewis A. Hagan; captain Company 4, John P. Leonard.

The band will consist of 13 pieces and will be led by C. P. Pedersen, while the drill team will be made up of 17 mail messengers under the command of L. C. Babbitt.

**Hurries From Paris to Claim Bride Here**  
Pretty Miss Pauline Ellsler of Oakland is to be the bride at a hurriedly planned wedding. Two Blum of Paris, who in on a flying visit to San Francisco, having arrived last night at the home of his parents, Mr. and Mrs. Maler Blum. He will return within a fortnight to France, where he is representative of an American importing house, and will take his bride with him. The engagement was announced last year before the young Californian departed for France.

Miss Ellsler is the daughter of Mr. and Mrs. Samuel Ellsler of 525 Twenty-third street, Oakland. This morning her mother stated that nothing is definitely settled about the marriage, but it will probably take place within the week.

Blum had a thrilling trip to America. Because of his German name, he was twice arrested as a spy and in London escaped from Scotland Yard detectives just in time to catch the steamer Rochambeau, sailing for New York. In Paris the young Californian went through two Zeppelin raids, in one of which a friend, who was a French officer, enjoying a leave at home, was killed with his entire family while they were at dinner.

Blum won the recent visit to the Vardun district. London at Paris, he declares, seem normal once more, after the strained atmosphere of the past two years.

**Car Hits Truck; One Slain, One Hurt**  
LONG BEACH, April 18.—Patrick E. Leonard, for ten years a Los Angeles resident, and brother of Charles Leonard, member of the Los Angeles police department, was killed, and George Pinalas, his helper, of 1701 East Twenty-second street, in Long Beach, sustained a fracture of the left leg when a Bellevue Truck Company motor truck bound for Los Angeles and driven by Leonard, sideswiped a trailer attached to a Long Beach-bound truck, driven by C. Arthur Wells, proprietor of the Daily Auto Delivery Company of this city.

Leonard was run over by a wheel of his truck and died before an ambulance arrived. Pinalas is at the Seaside hospital.

**Mistake in Law Is Cause of Wife Tangle**  
REDDING, April 18.—Jailed here, Oscar J. Schow, alleged bigamist, made statements today which officers claim show he has had three wives.

He said he married in the East years ago and that after he had come to a friend wrote him that his wife had obtained a divorce. Then he married Helga Andreassen in San Francisco in 1911. After this wedding he learned that his wife in the East really did not get a divorce.

This, according to his interpretation of the law, made the San Francisco ceremony illegal, so he got a divorce from his East wife in Portland and then, believing himself free, he wedded Mrs. Hannah Dolberg in Redding April 2.

**DECLARED BAKTUP.**  
Samuel Goldstein of Oakland was declared bankrupt by Judge M. T. Doelling yesterday. Goldstein was but one debt and that to Alfred Myers. The latter secured judgment in the Superior Court for \$102.50 and \$31 costs.

## Blue Bird Bureau Department of Good-Fellowship

One upon a time, so the story runs (only this was a very short time ago), a mother and daughter, after reading about some of the charitable acts accomplished through the Blue Bird Bureau, decided to do a little missionary work of their own. Whereupon, the first thing they did was to locate a family who were very much in need. After the mother and daughter had made themselves acquainted with the "bare" fact that this family's cupboard and pantry were practically bare, the next thing that was done and the next thing that was known, was that a big roast of pork, two loaves of bread, one dozen eggs and a dozen doughnuts put in an appearance at the back door of this destitute home.

Whether or not other homes were visited by this same mother and daughter, or other mothers and daughters, we do not know. That remains a mystery, for it was only by accident that we happened to hear of this.

It certainly does show what a lot of good each and every person could do by some small way of their own. There are many homes and families that are in dire need, right in your own neighborhood, and of which you hear nothing. Why not look them up? If you are not in a position to do anything for them, you surely won't miss a pleasant smile and a few words of good cheer. It all helps, you know.

Clothes and provisions go a long way towards helping people get on their feet again, this we all know, but here is the case of an elderly woman who, with all the provisions and clothes that you might send her, would never get on her feet. She is an invalid and very poor, she does not want to depend upon charity for her sustenance. All she wants is an opportunity to help herself. She has a mending very nicely, can make button-holes, and sew buttons on, clothes, and such things as that. Her rent is past due, and she wants to be given a chance to earn it. If you have some clothes that need mending, and have not the

time to do it yourself, we will be glad to tell you how to get in touch with this woman.

Little William and Margaret Glum, first winners of the seventh prize of the TRIBUNE's wild animal contest of the Al G. Barnes circus, have turned their prize over to the Blue Bird Bureau, with the request that it be made use of by some poor little girl or boy. This prize consists of two tickets of admission to the circus, and this bureau has seen to it that a very worthy little lad has been chosen as the recipient of this treat, and what a wonderful treat it will be. This little chap has never seen a circus before, as he has been an invalid practically all his life. He is now able to be around to slight extent, but even so, he has never dreamed that such good fortune as tickets to a circus would ever be presented to him. He is to be escorted to the circus either by his mother or his big sister, and his only wishes are that William and Margaret, the two children who so gladly gave their tickets that some unfortunate child might be taken, could know how thankful he is to them. It will be a day that he will never forget, and he will long for the names of the little girl and boy who have made it possible for him to spend such a happy day.

## Exposition Excursion Comes Next Week

Rosalter Mikel, formerly a resident of this city and now manager of special events at the San Diego Exposition, arrived this morning to complete arrangements for the exposition "Thank You" excursion, which is to leave for the north on Monday.

The party includes some 125 prominent Southern men and women and some 50 entertainers, including the exposition's troupe of Spanish singers and dancers, the exposition quartet and band of 40 pieces. There also will be in the equipment of the special a steam calliope and a car of fruit and novelties.

The party plans about 32 stops, including all the major cities of the state. From Oakland the train will run to Davis and Sacramento.

## Nugget Worth \$250 Found on Munger Creek

GRANTS PASS, Or., April 15.—One of the largest gold nuggets ever found in the Southern Oregon placer fields was brought to Grants Pass today by Ben S. State of Williams. It measured 3 1/2 inches in length and a like distance in width, with a thickness of about half an inch. It weighed eleven ounces, eleven pennyweights and fifteen grains when placed on the scales. Its value being \$250. It was found twenty-five miles from here on Munger creek.

FOOD SHOW TO OPEN.  
STOCKTON, April 18.—Stockton will open its first Food Show tomorrow evening at the Armory with exhibits by manufacturers from all sections of the state.

## CITY GRANTS PLEA FOR GOOD FRIDAY

Council to Allow Staff of Departments Two Hours.

City employees will be permitted to observe Good Friday, the resolution which called for passage yesterday granting them permission to leave work for the afternoon having been passed today by the votes of Commissioners Anderson, Bacus and Jackson. Mayor Davis and Commissioner Edwards voted against the measure.

The resolution was introduced by Commissioner Anderson, and provided that employees should be allowed to leave work from 12 o'clock till 3 o'clock Friday afternoon to attend religious service, the permission to be granted at the discretion of the head of the department, that it might not interfere with city business.

"Why should we pay these fellows \$5 or \$6 to go to church?" demanded Mayor Davis. "It is the law," said Commissioner Anderson.

"The total payroll of these departments is about \$700 an hour," said Commissioner Edwards. "What right have we to take the taxpayers' money to the tune of \$1400 for two hours and donate it to the churches? Were in the position of spending \$1400 just because the churches ask it."

"We ought to separate church and state. It's not in the charter and it's not in the constitution. It's illegal. We're going beyond the powers given us in the charter."

"How about the baseball game?" queried Bacus. "You voted to let them have a half holiday for the baseball game."

"Well, that's different," said Edwards. "Everybody goes to the baseball game. They play that all over the state and all over many states. Everybody enjoys that."

"Yes, and it's now, and not in the sweet, bye-and-bye," put in Mayor Davis. Anderson called for the vote on the resolution, but Edwards objected, stating that the charter provides that after a matter has been voted down it cannot be reconsidered for a week. Anderson read the section of the charter showing that it referred to "matters of ordinance." After a short parliamentary wrangle, in which the city attorney's opinion was sought, the resolution was brought to a vote and carried.

A communication was received and filed from the Thirty-ninth Assembly District, signed by J. J. Angell, favoring the plan to give policemen one day off a week, instead of two days off a month, as at present.

An ordinance providing that no garbage shall be deposited in the city except at such location or locations as that which the city maintains for the receipt of garbage, was introduced by Commissioner Bacus and passed to print.

## WELLS-FARGO MAY FORCE RATE RAISE

Rail Board's Cut of \$500,000  
Now Under Review by  
Commission.

SAN FRANCISCO, April 15.—With John Newlean, vice-president and controller of Wells Fargo & Co., on the witness stand, the State Railroad Commission, sitting in its chambers this morning, continued the hearing of the company's application for a general increase in rates in California. Two years ago the commission ordered reductions entailing \$500,000 in revenue to the company. Subsequently the Interstate Commerce Commission, following an exhaustive investigation, allowed increases throughout the country. Wells Fargo is now seeking to raise rates on all classes of goods in California to conform to the tariff charge elsewhere. This will mean an increase of \$100,000 per annum. Attorney Charles Stetson of New York, general counsel for Wells Fargo & Co., conducted the examination of Newlean, who identified a large number of exhibits and charts which were offered in evidence as showing the increases desired and the rate charged elsewhere.

A. Christensen, general manager of Wells Fargo & Co., is also in attendance and will be a witness.

President Max Thelen of Berkeley is presiding, and Commissioner Alexander Gordon, Commissioner H. D. Loveland and Commissioner Frank R. Doolin are also sitting.

Attorney Stetson stated informally to the commission that the company had suffered a loss of \$65 per day by reason of the rates at present in vogue. He declared that the schedules offered in evidence would show that a general average had been taken and that the cost had been carefully figured out.

## Juror Stops Trial to Halt Signals

SAN FRANCISCO, April 15.—During the progress of the contest over the estate of the late Dora Wheaton before Superior Judge Murasky today, Jacob Rhine, a juror, declared that signals were being exchanged between a witness and a woman in the rear of the courtroom. Mrs. Laura Preine, the contestant in the case, was testifying, and according to Rhine, the woman was indicating by motions of her head as to whether answers to questions should be yes or no. The proceedings were stopped and the woman, who gave her name as Mrs. McNicholl, on being brought forward, denied the charge and declared that she was afflicted with nervousness which caused the movement of the head. Judge Murasky, nevertheless ordered that she should be excluded until she had been shown to be a witness. Mrs. McNicholl is a sister of Mrs. Preine.

## Indoor Life Makes Fat

TRY OIL OF KOREIN TO KEEP  
WEIGHT DOWN, PREVENT  
DUCE SUPERFLUOUS  
FAT.

People who are confined within doors and who are deprived of fresh, invigorating air and exercise must take precaution to guard against obesity, a fat acquired by indoor life is unhealthy and a danger to the vital organs of the body. Lack of exercise in the fresh air is said to weaken the oxygen-carrying power of the blood, so that it is unable to produce strong muscles and vitality and the formation of unsightly and unhealthy fat is the result.

If you are 15 or 20 pounds above normal weight you are daily drawing on your reserve of fat. This is lowering your vitality by carrying this excess burden. Any persons who are satisfied in their own mind that they are too stout are advised to go to Drug Dept. at Kahn's, Broadway, San Pablo and Sixteenth street, or a good druggist and get a box of oil of korein capsules, and take one after each meal and one just before retiring at night.

Even treatment has been reported to show a noticeable reduction in weight, improved digestion and a return of the old energy; footpads become lighter and the skin less flabby in appearance as superfluous fat disappears. Oil of korein is inexpensive, cannot injure, and hence should be used by anyone who wants to reduce 15 or 20 pounds in a short time. Give this treatment a trial. Advertisement.

## PROVE GEEFFENE MARRIED IN EAST

Secured License in Kansas City  
Says Police Chief  
There.

SAN FRANCISCO, April 18.—Confirmation of the charge of Mrs. M. Booser, the woman under arrest in Seattle that she and James Geffene, the Torturic suspect, were married in 1912 was received by the police today in a wire from Chief of Police H. W. Hannum of Kansas City. If Geffene, who is under arrest in the police say he is guilty of bigamy and it is not unlikely that the two wives will be brought here to confront him. He has all along denied that he was married or that he had ever been in California before. Mrs. Booser, accused of abducting Geffene, declares that she will testify if necessary to the facts of the marriage. Geffene's signature sent to Kansas City for comparison, is identical with that signed in the marriage certificate. The dispatch from Kansas City is as follows: "Records show that on June 12, 1912, Lavonia Miller, aged 23 years, and James Geffene, aged 25 years, were married by Justice of the Peace Charles Clark, this city. Comparison of the signatures with the ones we have show they are the same."

"H. W. HANNUM, Chief of Police." Geffene is being held by the police in the belief that he is Pietro Torturic, slayer of R. V. Harbo, in April, 1906. The age given by Geffene in Kansas City would make him 23 years old now. He claims to be but 26. If he is Torturic he would be 36, the police say. This discrepancy in age is considered significant by the detectives. Geffene's beard is growing in gray and may indicate that he is older than he will admit.

## 'TIZ' FOR TIRED AND SORE FEET

Use "Tiz" for Puffed-up,  
Burning, Aching, Calloused  
Feet and Corns.

Why go limping around with aching, puffed-up feet—feet so tired, chafed, sore and swollen you can hardly get your shoes on or off? Why don't you get a 25-cent box of "Tiz" from the drug store now and gladden your tortured feet?

"Tiz" makes your feet glow with comfort, takes down swellings and draws the soreness and misery right out of feet that chafe, smart and burn. "Tiz" instantly stops pain in corns, callouses and bunions. "Tiz" is glorious for tired, aching, sore feet. No more shoe tightness, no more foot torture.—Advertisement.

## AN EASY WAY TO END CATARRH FOREVER

Simple Home Treatment Destroys Germs  
of This Dangerous Disease.

The reason why so many people who suffer from Catarrh never seem to get cured is that they are continually seeking the momentary relief of sprays, coughing, sneezing, blowing, etc. Such things do open up the swollen, inflamed and clear the head temporarily, but do nothing to destroy the germs that are blowing, sneezing, blowing, etc. and they never cure. To drive out Catarrh for good you have got to get down to the real cause. Catarrh is a germ disease. The air is full of catarrh germs thrown off by one person and absorbed by another and every symptom of catarrh, such as sneezing, blowing, etc. is a sign that the germs are destroying the catarrh with all its disagreeable symptoms. Even a few drops of this simple home remedy will give refreshing relief while, if you use it two or three times a day for a few weeks it will completely destroy catarrh and every symptom of catarrh. As Hygiene is pleasant to breathe, it is always sold by druggists everywhere with a money guarantee of successful results or money back, no matter how long the sufferer has been suffering from Catarrh.—Advertisement.

## REVIVE PLAN FOR CITY OPERA HOUSE

San Francisco Musical Association Offers New Suggestions.

SAN FRANCISCO, April 18.—New plans for a "million dollar opera house" have been drawn by the representatives of the San Francisco Musical Association by which it is hoped to build a splendid structure on the reserved site in the Civic Center. The opera house would complete the Civic Center group of buildings, and it is emphasized, would place San Francisco on a firm foundation as a music center.

William H. Crocker, who has all along been an enthusiastic supporter of the project, announced at the end of such time as the cost of the building would approximate a reasonable lot rental to the city. The city will have the right to take over the property on appraisal, which will be made every five years. The musical association will construct and maintain the building without expense to the city. The form and organization of the management of the opera house will be submitted to the people in a vote on a charter amendment.

In speaking of the project, Mayor Rolph said: "It looks like the amount of money would be forthcoming, but I have not definitely agreed to the project yet." The mayor's veto of the original plan, November 26, 1913, was made on the grounds that the plan was not in agreement with the charter.

## Plan Holy Week Service at St. Mary's

With more than usual significance the elaborate choral ritual for the last week of Lent will be performed this year at St. Mary's church. Eighth and J streets. The closing celebrations will commence tomorrow evening with exercises, consisting of devotions, an exhortatory sermon on Holy Week ceremonies by the Rev. Thomas J. Kennedy and benediction.

The services will mark Thursday, when there will be a solemn high mass at 10 o'clock in the morning, followed by a procession of the blessed sacrament in which all the school children of St. Mary's parish will take part.

Good Friday will be the occasion of three services, opening with the mass of the pre-sanctified at 10 o'clock and music taken from the Gradual as prescribed by the Congregation of Rites. At 12 o'clock during the devotions of the three hours' agony, Rev. Edward Kennedy will give a series of sermons on the various characters of the Passion, and the way of the cross will be given with special congregational music. At 8 o'clock there will be a solemn recitation of the stations of the cross with sermon on "The Crucifixion" by Rev. P. McGrath.

## Woman Held for Disturbing Service

SAN FRANCISCO, April 18.—Miss Lilla Craighead, a nurse employed by Dr. Sanford Blum of the St. Francis Hotel, was taken into custody in St. Dominic's Catholic church this morning, and removed to the Central Emergency Hospital after she is alleged to have disturbed the worship there on several occasions.

Patrolman Sheehan and Special Officer Moriarty had been notified by the clergy of St. Dominic that some one had been daily interfering with the services and they were waiting this morning under orders by Chief of Police White when Miss Craighead appeared. The disturbance was repeated, and when the woman was taken to the hospital she was held for observation as to her sanity.

In her possession were found sealed letters addressed to Archbishop M. J. Hanna, Father T. J. York and two other Catholic priests.

## To Take Part in Wildflower Show

That the east bay may take her part in the California Wildflower Show to be given as a "garden fête" at Hotel Belmont, San Francisco, April 22-24 inclusive, the California Botanical Society, with headquarters at the Oakland public museum, and the Sierra Club are making elaborate plans for exhibit.

Two exhibits will be arranged by the Sierra Club, one of them a group of trees and shrubs that grow out of doors in this state, and the other a collection of wild flowers gathered by members of this University Club from the Piedmont and Berkeley Hills. The Wildflower Show this year is for the benefit of the San Francisco Boys' Outing Fund.

## Son Is Entitled to Accident Insurance

SAN FRANCISCO, April 18.—The State Accident Commission has decided that a minor working for his father, but receiving no fixed wage, is a regular employee, and as such is entitled to accident insurance. The decision was made in the case of Arthur Riech, 18, son of Charles Riech, a farmer, of Delano, Cal., who was injured by a kick from a mule April 11.

The Aetna Life Insurance Company declined compensation on the ground that young Riech, being a minor and not regularly on his father's payroll, could not collect as having been injured while at work at a regular occupation.

# BANDIT HUNT TO COVER CALIFORNIA

## Police of Every City in State Put on Trail of Car Barn Robbers.

Although a posse of deputies under the direction of Sheriff R. R. Valle of Contra Costa county and the police of all California cities are seeking the trio of motor car bandits who yesterday robbed the Richmond office of the San Francisco-Oakland Terminal Railway of \$1755, no lead to the men has yet been found.

They are now believed to have fled to the interior of the state in their high-powered car, and the police of Sacramento and all other interior cities have been warned to be on the lookout for them. Elmer E. Woodward, the car dispatcher who was held up at the point of a gun by one of the robbers, and bound and gagged, has given the police a description of this man, the leader of the band. This is being forwarded to all police offices in the West.

### SUSPECT FREED.

A suspect was arrested by the Richmond police last night and was held in detention for several hours. He provided ample proof of his innocence, however, and was released from custody. He was two men that the Oakland police placed in detention yesterday afternoon. The two taken in Oakland admitted that they had been in Richmond in an automobile, but admitted that they were not the robbers. The police are seeking a plum-colored, large and powerful motor car in their hunt for the daring thieves. It was in this description that the three drove up to the entrance of the Richmond car barn early yesterday morning. After robbing Woodward of the two days' receipts of the cars of the Richmond line, the three jumped into the car and disappeared.

### THROWN OFF TRACK.

They are said to have started away in the direction of Oakland, but the police, now believe that they later doubled on their trail from Richmond by its northern boundary, and took the State highway to the north.

The posse under Sheriff Valle spent last night and today in seeking clues in the canyons to the east and north of Richmond, but without success.

## Citizens Urged by Mayor to Visit Show

Mayor John L. Davis today issued the following proclamation:

The opening of the Pacific Coast Motor Power Exposition in Oakland's Municipal Auditorium April 26 affords this city an opportunity to force further forward as the automobile city of the West.

Our proud position as the terminal of the great Lincoln Highway, fast becoming a transcontinental thoroughfare, together with our beautiful drives, is destined to make Oakland a favorite with motorists and tourists. Also the meeting of rail and auto in Oakland makes this city the choice for automobile manufacturers, who are being convinced as to the necessity for Pacific Coast plants.

The location of the Chevrolet Motor Co., the Pacific Tire and Rubber Co., the expanded location of the Chambers Co. and others to make Oakland the western automobile manufacturing and distributing center is evidence of our wonderful start.

Upon the success of this exposition attended by the automobile industry, the automobile, auto power industry world, will largely depend our continued advance.

The exposition will be opened by an illuminated and decorated automobile parade on the evening of April 25. All automobile and automobile truck owners should enter this procession. The success of this exposition will be in proportion to what we put in it. Here is an opportunity for all automobile owners to boost the city of Oakland.

## Chinese Smuggle Children, Is Charge

SAN FRANCISCO, April 15.—Fong Sam Wing and Ching Yook were arrested today on indictments charging an attempt to fraudulently obtain a merchant's certificate following indictments by the Federal grand jury, which it is said uncovered a conspiracy to smuggle children into this country. It is claimed that Fong Sam Wing is a Chinese laborer and that he posed as a member of the firm of Quong Kee & Co., 726 Washington street, in order that he might make a trip to China.

According to the immigration authorities there have been much fraudulent certifying of Chinese with the result that when they return to this country they bring with them one or two Chinese children whom they claim as their own. It is said that for bringing these children here \$500 is paid for boys and \$1000 for girls.

Indicted with the two Chinese are W. S. Kase and H. J. Harding, who have not been arrested.

## Widow of Late Court Reporter Passes Away

Mrs. Helen S. Whitton, widow of the late Charles F. Whitton, veteran Alameda county court reporter, and a member of one of California's oldest pioneer families, died last night at her home, 253 Hawthorne street, Oakland, of an unexpected, as she had been ill for many months.

Mrs. Whitton was born in San Francisco in 1855, and had been a resident of Oakland since the early sixties. Her family having removed to this side of the bay when she was a small child. She leaves eight children: Herbert B. Whitton of Santa Rosa, Mrs. Helen Whitton Cooley of Los Angeles, William W. Charles A. Alice M., Edith, John B. and Albert K. Whitton, of Oakland.

Funeral arrangements have not been made, as other members of the family are waiting the arrival of Mrs. Cooley from Los Angeles.

## PICKPOCKETS BUSY

Two men were victims of pickpocketing on the circus grounds at Forty-ninth street and San Pablo avenue last night, according to reports submitted to the police today. R. E. Reeves, 1024 Wood street, reported that a diamond ring valued at \$280 had been taken from his pocket, and Eugene Deane, 233 Filbert street, said that four men had tossed him, and one of them had taken a purse containing \$46 from his person. Deane gave the police a description of one of the men.

## RIG SHIP SOLD

SAVANNAH, Ga., April 15.—The American steamer Vigilant of 2344 tons, has been sold by the Walker-Armstrong Company of Savannah to Gaston, Williams and Wigmore of New York for approximately \$500,000, according to an announcement here today by George F. Armstrong, vice-president of the local company. The Vigilant reported here as a European vessel, is expected to be engaged in American tobacco trade with France and England.

## MOTOR BIKES COLLIDE

James E. Potter, 2425 Fifty-seventh avenue, was injured about the head and face last evening when the motorcycle he was riding collided with one ridden by V. A. Lyman, 831 Sixty-fourth avenue. At High street and the Pothill boulevard, Potter's wounds were dressed at the Emergency hospital, of the Melrose police station.

# Cargo of Appam Under Hammer

## U. S. Marshal Calls for Bids

NORFOLK, Va., April 15.—"One bag of coffee, undamaged by shot or shell. What am I bid?"

The cargo of the famous Appam, the British liner, which, commanded by a crew of Germans from the phantom Teuton raider Moeve, sailed over the seas and brought the smoky breeze of war to the shores of the United States February 3, today was disposed of at auction by the United States marshal.

The proceeds of the auction will be turned over to the federal court, has determined whose property the Appam properly is—Germany's or England's.

Under the hammer, the following articles, originally consigned from the African East Coast to England: 727 casks of palm oil, 19,804 bags of cocoa, 5309 bags of kernels, 339 bundles of papyrus, 28 casks of almonds, 2765 bags of cottonseed, 3418 bags of corn, 1 bag of coffee, 12 casks of rubber, 422 bags of copra.

Bidders were present from New York, Philadelphia and Baltimore as well as from Norfolk.

Lieutenant Hans Berg and German Consul E. von Schilling have put in a claim for the cargo.

One phase of the European war also came up for settlement by the judge of a United States court today, when representatives of England and Germany appeared before Judge Yandall to claim ownership of the Appam.

Germany claims the United States Government should surrender the Appam to Germany on the ground that the steamer was captured as a prize of war and was consigned to put in at the neutral port of Hampton Roads because she was in an unseaworthy condition.

Lieutenant Berg, commander of the prize crew of the Appam, contends that making this port under such conditions leaves the vessel and cargo legally a German prize, entitled to be taken back to Germany and kept as German property.

Berg cites a treaty of 1822 between the United States and Germany to uphold this theory.

The English representatives claim that when the Appam touched Hampton Roads port the question of her legal possession automatically came under the jurisdiction of the neutral government, and that, because she was originally owned by British subjects, she should be turned over to the British owners by the neutral government.

## WOMEN TESTIFY IN CAPLAN TRIAL

LOS ANGELES, April 15.—With young women stenographers formerly employed by the International Bridge and Structural Ironworkers' Union testifying today as to the identity of hundreds of alleged dynamite conspiracy letters, the David Caplan trial took on a decidedly monotonous aspect.

The defendant seemed confident when he appeared in court today. "With reasonable consideration by the jury, I look forward to establishing my innocence," said Caplan.

"I am innocent. I do not say this for effect or to arouse sympathy. It is an absolute fact. I was never acquainted with Mathew A. Schmidt and saw him only on two or three occasions, when, as a grocer in San Francisco, I took orders to a house where he was living."

"Now since the original indictment in the Times case have I seen Schmidt until we met at the county jail here, when I was brought to Los Angeles for my trial."

## Husband May Face Court Bench Warrant

SAN FRANCISCO, April 15.—Mrs. Emma May Corrigan, wife of Eugene Corrigan, manager of the Stockton Fire and Enamel Brick Company, declared in Superior Judge Graham's court today that she believed her husband had run away with her two children, Eugene Jr., aged 4, and Bernard, aged 3, for whose custody she is fighting. Corrigan was not in court and his wife asserted that she had received a mysterious telephone message during the evening to the effect that he had left for Seattle, taking the children with him. She hurried to his home at 541 Twenty-sixth avenue, but could not find him.

Judge Graham had directed that he bring the children into court at 11 o'clock today. The case was continued until 2 p. m. and if Corrigan does not appear a bench warrant will be issued for him.

## Von Dohlen Case Is Delayed Once More

Evelyn R. Von Dohlen, accused of obtaining money under false pretenses, and the woman who charges that she was inhumanly treated at the county jail and receiving hospital, was given another delay this morning when her case came before Superior Judge F. B. Ogden. J. P. Montgomery, her attorney, sent word that he was ill and the case was laid over until Friday morning. Mrs. Von Dohlen, after being held in the county jail for some time, was released through the influence of Rev. Alexander Allen, who figured in a lively dispute with Constable Morris Lane when the woman's arrest was asked on a new charge.

## Check Man Given 14 Years' Probation

Harry Kiel, accused of passing a number of bad checks about Oakland, was given fourteen years' probation this morning in the Superior Court by Judge P. B. Ogden. The judge declared that while the percentage of risk in probation increased as the defendants were found to be of a higher station in life, still he felt that in this case the risk would be worth taking.

"Your attorneys will be partly responsible in the eyes of this court if you go wrong again—and you should back up their plea by making good," declared the judge.

## VISITOR REPORTS THEFT

SAN FRANCISCO, April 15.—Mrs. Lucie de Condon, who gave her address as the St. Francis hotel, notified the police this morning that a mesh bag containing \$4 and valued at \$50 had been stolen from her last night in a downtown cafe.

# CITY WILL EMPLOY RAIL RATE EXPERTS

## Special Counsel to Appear at Freight Hearing on May 17.

The employment of H. H. Sanborn and A. B. Roehl, rate experts and attorneys, as special counsel to represent the city of Oakland at the freight rate hearing May 17 before the Interstate Commerce Commission, was agreed upon by the city council today, and it was decided to appropriate \$500 to retain them.

Oakland has been making a fight for a differential freight rate to points in the interior of the State at the hearings before the State Railroad Commission, and all the evidence has been presented. It has been learned that an effort is to be made by representatives of San Francisco to attack this plan, both before the railroad commission and the Interstate Commerce Commission.

A letter from the Chamber of Commerce, signed by President Joseph H. King, approving the plan of employing Rate Experts Sanborn and Roehl was filed with the city council. Joseph E. Caline, secretary of the organization, appeared to urge the measure.

The letter stated that Oakland has enjoyed a differential of 75 per cent on live stock, which means a difference of between \$25,000 and \$50,000 a year. An attempt is being made to take this differential freight rate from Oakland and place the shippers of this city on a parity with San Francisco, despite the manifest geographical advantages of Oakland over those of San Francisco.

The resolution passed today provides that if it is necessary for the special rate experts to proceed to Washington, D. C., in connection with the rate hearing, their expenses will be paid.

## Reconciliation Not of Lasting Kind

Mrs. Edie Marshall Harvey, formerly of Oakland, who effected a reconciliation with her husband, Sydney Harvey, following the filing of a divorce action in Alameda county, April 11, 1915, was granted a legal separation today by Superior Judge Trout in San Francisco.

Harvey is local freight agent for the Chicago, Milwaukee and St. Paul Railroad and was formerly a student at the University of California.

The wife was given the custody of the 6-year-old son and substantial alimony.

Harvey vigorously denied his wife's charges of violence and abusive language, and said he was heart-broken because he was unable to see his boy following the filing of the divorce papers.

Mrs. Harvey lives at 541 Liberty street.

## Workman Buried in Ditch Cave-in; Dies

SAN FRANCISCO, April 15.—The coat and hat lying on the ground above a side sewer at Seventh avenue and Irving street started a gang of laborers frantically digging this morning and resulted in bringing to the surface the body of George Sturlinger, who, working alone, was buried beneath a ton of earth in a cave in, sometime yesterday. When the men put away their tools at 5 o'clock last night, none noticed Sturlinger, who had been excavating for the sewer at the side of the building. This morning, when the coat and hat were found the conclusion was reached that Sturlinger had been buried alive. He was a widower residing at 27 Hovath street.

# Where Is Sisson? Query Halts Case

## Stenographer Comes to Rescue of Court

SAN FRANCISCO, April 15.—Stinson, a thriving mountain town in California, was responsible for the interruption of a session of the United States District Court and the quashing temporarily of a burglary indictment against two of its sons, Joseph H. Wheeler and Geo. Woods.

The question puzzling the court was, "Where is Sisson?"

Federal Judge William W. Morrow, presiding, did not know. Neither did Acting United States Atty. Thomas, nor any of the other court attaches. Judge Morrow was certain that it was not in Shasta county which was named in the indictment, but the geography of every one was tried and found wanting. Finally Ada Rehm, stenographer in the marshal's office, looked it up on the map. It was located in Siskiyou county.

Wheeler and Woods were charged with ransacking the office of the United States forest supervisor there. Under the order of Judge Morrow they pleaded not guilty and a new indictment will have to be returned against them.

## Motorcycle Burglar Suspect Is Sought

A "motorcycle burglar" is the latest type of criminal being sought by the Oakland police. Mrs. Joseph Prager reported to the authorities today that her home at 850 Maple street had been entered last night, and the place ransacked. Nothing of value was taken.

Mrs. E. R. Crosby, a neighbor living at 2010 Dakota street, reported that she had seen a man about the place yesterday afternoon. He came and left on a motorcycle. Mrs. Crosby has given the police a description of the suspect.

## Says She Was Saved From Operating Table

Brother and Sister Both Relieved by Simple Remedy Available to Any One.

In her gratitude for a remedy that saved her from the possible necessity for an operation, Mrs. Carrie Hefflin of Coats, Kans., writes: "I had not been for Fruitola and Traxo I might have been on the operating table by now. It relieved me of at least one hundred and fifty gall stones. It surely does work wonders. My brother also had suffered for years and has been greatly benefited by Fruitola and Traxo."

Fruitola is a powerful lubricant for the intestinal organs, softening the congested masses, disintegrating the hardened particles that cause so much suffering and expel the accumulation in an easy, natural way. Traxo is a splendid tonic, acting on the liver and stomach with most beneficial results and is recommended for use in connection with Fruitola to build up and restore the weakened, run-down system.

Fruitola and Traxo are prepared in the Plinus laboratories at Monticello, Ill., and arrangements have been made to supply them through representative druggists.

A booklet of special interest to sufferers from stomach trouble can be obtained by writing to the Plinus laboratories at Monticello, Illinois.

# To Present Case at Fall Election

## A campaign to combat the two prohibition amendments which have been placed on the ballot for submission to the voters of California on November 7, has been launched by the Property Owners' Protective Association of Alameda County.

This organization is on the same lines as the Property League of Los Angeles, of which William M. Garland, a real estate man of that city, is president.

The officers of the Property Owners' Protective Association, formed in Oakland, are: President, A. O. Taft, ex-president of the Merchants' Exchange, and a manufacturer; Directors, J. J. McElroy, capitalist and real estate operator; B. Berovich, merchant and manufacturer; Max Koenig, a prominent business man, and H. A. Pfeiffer, land owner of East Oakland. The secretary, manager of the two organizations, is A. A. Dentson, a well known newspaper writer and former secretary of the Chamber of Commerce.

"The Property Owners' Association has compiled statistics," declared Dentson today, "which shows that if the proposed prohibition amendments pass, that between 400 and 500 places of business will be closed in Oakland and Alameda county, cutting off rents aggregating over \$500,000 annually. More than 7500 people will be deprived of their means of livelihood and wages amounting to close upon \$3,000,000 cut off, while twenty-nine lines of related industries will be injuriously affected."

## Greek Riots Cause of Condemnation

ATHENS, April 15.—The Liberal morning papers comment bitterly today on the action of the police during the rioting yesterday while the government organs praise the police. It is unannounced that Liberal meetings will be resumed after Easter, the Liberal party meanwhile taking action against the police authorities for allowing it, it is alleged, to be present at their meetings of agents whose object was to provoke riotous events.

The Floor Coverings offered at this sale consist of the most desirable patterns and colorings and the best qualities obtainable in their several grades. They have been taken from our regular stock and are displayed in a way to facilitate selection.

Although the cost of Carpets and Rugs has during the last few months been greatly increased because of the scarcity of dyes and wool, these conditions were anticipated in the purchase of our present stocks, which are consequently greater than we have ever before carried, and which we can therefore offer at this sale at prices much below existing values.

Advantage should be taken of this opportunity while it is yet possible to obtain standard makes of floor coverings at reasonable prices with the assurance that the fabrics and colors still carry the Sloane guarantee of quality.

This is our first Rug and Carpet Sale since November, 1914.

While present conditions prevail, this opportunity can not be repeated.

## THE MORE KINDLY WAY

From the design presented herewith, some idea may be gained of the magnificence of this beautiful building, its imposing facade, and commanding location overlooking the Golden Gate. It is a fitting testimonial to the forethought of those who have made its erection possible, and a most splendid memorial to those consigned to its keeping. It will be by far the finest structure of its kind in the United States.

The Berkeley Memorial, constructed entirely of reinforced concrete, marble and bronze, will guard for eternity, undisturbed, the remains of those placed within its sheltering walls.

## PROBE FOR IMMIGRATION BUREAU.

News despatches from Washington are to the effect that, upon complaint of a representative of the San Francisco Chamber of Commerce, President Wilson has promised to investigate reports that unnecessary and harmful delay has been practiced by immigration officials at this port in connection with cases of Chinese seeking admission into the country. The information laid before the President undoubtedly is the same as that contained in the recent complaint of Chinese Consul General Shu. Mr. Shu charged that some Chinese have been held at the detention station on Angel Island for as long as six months; that decisions on the pleas of detained immigrants were announced by telegraph on the eve of the departure of a Transpacific steamer and Chinese thus deprived of the privilege of applying to the Federal courts for judicial relief. The local commissioner of immigration, Mr. Edward White, is quoted as saying, in commenting upon the report that the President might start a probe of his office, that Chinese had not had to suffer undue delay. We have no knowledge that he denied the accuracy of Consul Shu's charges at the time they were made. From our own information, we believe Consul Shu's charges to be correct and are confident that the complaints made to the President by the San Francisco Chamber of Commerce go no further in reciting injustice than did those charges.

So many complaints have been made against the conduct of local immigration officials that we believe a thorough investigation should be made, and that it should be conducted by others than officials of the immigration bureau. The head of the bureau at Washington apparently is under the impression that employees under him can do no wrong. Conclusive evidence of this state of the bureaucratic mind is found in the ignoring of indictments returned by a Federal grand jury in San Francisco against local immigration officials upon charges of conspiracy to smuggle Chinese coolies into the country. The indicted officials have not been suspended from duty, but remain in charge of the immigration station and of the matter of passing upon all applications of Chinese to enter the country at this port.

## REORGANIZE AVIATION SERVICE.

The court-martial of Lieutenant-Colonel Goodier, judge advocate of the Western Department of the army, on the charge of altering specifications of charges against Captain Arthur S. Cowan, in command of the army aviation school at San Diego, has had a wider effect than was anticipated. By an order of the Secretary of War, promulgated Monday, Lieutenant-Colonel Samuel Reber, in charge of the aviation branch of the General Staff, is relieved from that duty and Brigadier General Scriven, chief of signal service, is censured for failure to supervise disciplinary features of the aviation service.

Colonel Goodier, the principal of the trial, was reprimanded in accordance with a verdict of guilty on a technical charge. The onus of dereliction in duty falls upon General Scriven and Colonel Reber.

We hope this will mark the end of a very unsavory chapter in our military history. The Goodier court-martial resulted in disclosures of conditions at the San Diego camp and in Colonel Reber's office that, to say the least, were the result of gross carelessness and flagrant disregard of the spirit of military order and discipline. A system of intrigue, carried on between Reber and Cowan to the injury of aviation efficiency and the personal career of several able officers, was uncovered. Secretary of War Baker is mistaken in concluding, as his statement indicates, that much of the censure of conditions at San Diego was due to the public's failure to realize that army aviation is still in an experimental stage. The public was incensed over the fact that such conditions were permitted to prevail when the service is in only the experimental stage. The injury from neglect of duty and self-seeking methods was greater because greater vigilance in developing the service was incumbent upon the army administration. It is to be hoped that disclosures of the

Goodier court-martial, the interest in the affair displayed by Congress, the removal of the officers responsible for the conditions which existed, and the poor showing of our aeroplane service in connection with the Mexican expedition, will result in a thorough reorganization and one that will introduce that measure of efficiency the country expects and has a right to demand.

## THE TEACHERS' INSTITUTE.

Over two thousand school teachers, members of the Northern California Teachers' Association, have opened their annual convention in San Francisco. The program of papers and addresses relating to educational methods and teachers' work are about the same as to form and bulk as usual, but show a slight improvement as to quality and substance. Each year the teachers show a little more progress in addressing themselves to an introspective study of their own profession and the results which they believe they should strive for.

Conventions of teachers provide a means where the teachers themselves may shape their course toward greater efficiency in teaching, and away from some methods of pedagogy that have become obsolete and should be discarded because they are not yielding adequate educational values. The teachers are not the whole of the school system, but they may be an influential part in retaining some of the incongruities of the old system which have remained with us unduly long; again they may, by display of sufficient courage to break away from the idea that retention of the system which views appropriations and teachers as its principal and unassailable features is imperative, and by a bit of initiative, get into closer sympathy with the interests of the child. To this end the teachers should take these annual institutes seriously. They should inject a good measure of educational patriotism into the proceedings and put the welfare of the child above all else.

Aroused public sentiment throughout the country indicates plainly that before many years our school system will have to be readjusted in such manner as to bring greater returns of educational value to the student, a return more and more commensurate with the per capita expenditure of the State in behalf of the student. Teachers will prepare for this readjustment by first realizing that it must come and deciding upon the part they will take in it.

## AGAINST JURY PACKING.

Mr. J. O. Hayes, publisher of the San Jose Mercury-Herald, at the conference of Republican editors in San Francisco Saturday, hit the nail directly on the head when he stated:

"We are perfectly willing that the Progressives shall hold their convention, and send their delegates to the convention from this State, and we are perfectly willing that the Republicans shall confer with them there, but we want Republicans in the Republican convention to represent us in that conference. We do not want Progressives in a Republican convention conferring with Progressives in a Progressive convention."

This is the state of mind of every bona fide Republican and every honest Progressive who is opposed to the dishonest and illegal practice of jury-packing.

The Fresno Republican, Progressive organ, and whose publisher, Mr. Chester H. Rowell, is one of the staunchest defenders of Governor Johnson, in its issue of Sunday attempts a lengthy technical defense of the State administration for its disfranchisement of the Taft Republicans in 1912. It states that the Progressives had nothing to do with depriving Republicans of the privilege of voting for the Republican candidate for President, and that Governor Johnson, instead of having anything to do with the affair, was "horrified" when he heard of it. The fact remains, however, that the Republican electors were disfranchised, and by the Progressives through "raiding" the Republican convention and putting a ticket of Progressive delegates in the column on the ballot intended for the Republican ticket and rightfully belonging to the Republican party. The Republicans were left the impossible alternative of getting on the ballot by petitions as an independent, not as a Republican, ticket. The people know this. They need no explanation. They remember the boast of the Progressive campaigners. And if Governor Johnson was ever horrified at an act of political depredation, or ever lamented any outrage against those who disagreed with his own political views, we are glad to hear of it, even at this late date, and to record it to his credit.

A committee of Congress still is considering impeachment charges against the United States District Attorney at New York City who secured testimony that induced a federal grand jury to return an indictment for conspiracy to violate the neutrality laws against Representative Frank Buchanan. The impeachment proceedings are the result of charges against the attorney filed by Buchanan. That Congress should waste its time with charges against a district attorney when other instruments of admirable efficacy are at hand for dealing with his offenses, if any have been committed, is bad enough. But when the committee members prolong the case through weary months and hold up the charges of crime against one of their colleagues, it verges on the edge of culpable neglect of duty and abuse of privilege.

## NOTES and COMMENT

The situation might be improved, with Villa out of it, if there weren't so many more down there just like him.

It is published that Slaughter may resign from his post. "May!" They are very lenient and long-suffering up at Chico.

The Meehan girl of Fresno never had a romance and tried to manufacture one. It was a sad failure, but rather an interesting story.

Who backed the recall petition? It is a pretty well-established fact that money doesn't merely "happen" in connection with such enterprises.

Ripley says railroads cannot raise wages. Whether they can or not will make small difference. What's the possibility of doing with it when the edict goes forth?

Every little while there is evidence of the world growing akin. The Pope sending his sympathies to those Jews, who have had such a hard time of it in the war, is in point.

Former Senator Burton expresses the national sentiment, when he says taking up the gag in Mexico would be deplorable, but intervention would be preferable to humiliation.

A London newspaper predicts our diplomatic relations with Germany will be severed. It is a pretty fair bet, and a fervent hope, that the London newspaper will be fooled.

There is after all that lingering doubt that the cadaver is really that of Villa. A trick may have been attempted by planting a body. There are enough of them in the country.

The pancakes which took fire out on Twenty-second street and caused a \$1000 loss serve to show that the time-honored American "flapjack" is dangerous in more ways than one.

It will be fifty years on the 24th of May since Berkeley was christened, and they are going to celebrate the anniversary. With all her years Berkeley is still a young thing, though not siddy.

Polo games on Sunday are de rigueur to the elite of society; likewise baseball; but football is looked upon as a game, and baseball is only popular with the polloi. A distinction without a striking difference.

Mrs. "Bob" Fitzsimmons, ex-wife of the pugilist, and herself something of a scrapper in the feminine way, has turned evangelist. Let's give her a chance. There is Hilly Sunday whom we omit to interfere with.

The lady from the country who got in a San Francisco telephone booth, supposing it to be a lift, and was waiting for it to go up when rescued, got herself in the papers more prominently than many who attend the swellest functions.

The author of "Pack's Bad Boy" is dead. His writings inspired the kids of a former generation to many pranks, and at the time of their original promulgation had a considerable vogue. He was one of the few funny writers who were taken seriously otherwise—he was elected mayor of Milwaukee and then governor of Wisconsin.

At Ocean Park, New Jersey, on March 5, Rev. W. J. Boyd preached on this subject, which he advertised in advance: "Goodbye, God! I am going to California." Rev. Boyd is a prohibitionist, and his intimation is that California is rum-soaked. His sermon is a libel on the state, and one the worthy gentleman should be asked to explain and rectify.—Santa Ana Blade.

The chastising of a boy by an Oakland teacher is attracting considerable outside criticism. Probably it wasn't as bad as it reads, but evidently some old customs are going out. Time was when a boy who "got it" at school would not only not find protest and sympathy from strangers writing to the papers, but would more likely get it again in the woodshed upon his arrival home.

## SPIRIT OF THE STATE PRESS

The Searchlight is the name of a newspaper published on a European battle front. That reminds us that the Redding Searchlight was born about the time that the electrical army searchlight was invented, hence the choosing of the name.—Redding Searchlight.

Sam Bowden was a visitor in Gustine Monday, it being a holiday at the bank and Sam wished to vote for the good of the town.—Gustine Standard.

## SUPPOSE.

Suppose it should happen that certain administrative mistakes of judgment, infirmities of purpose and temperamental defects, which need not now be catalogued should continue to produce finally a situation of grave difficulty for this republic in its international relations.

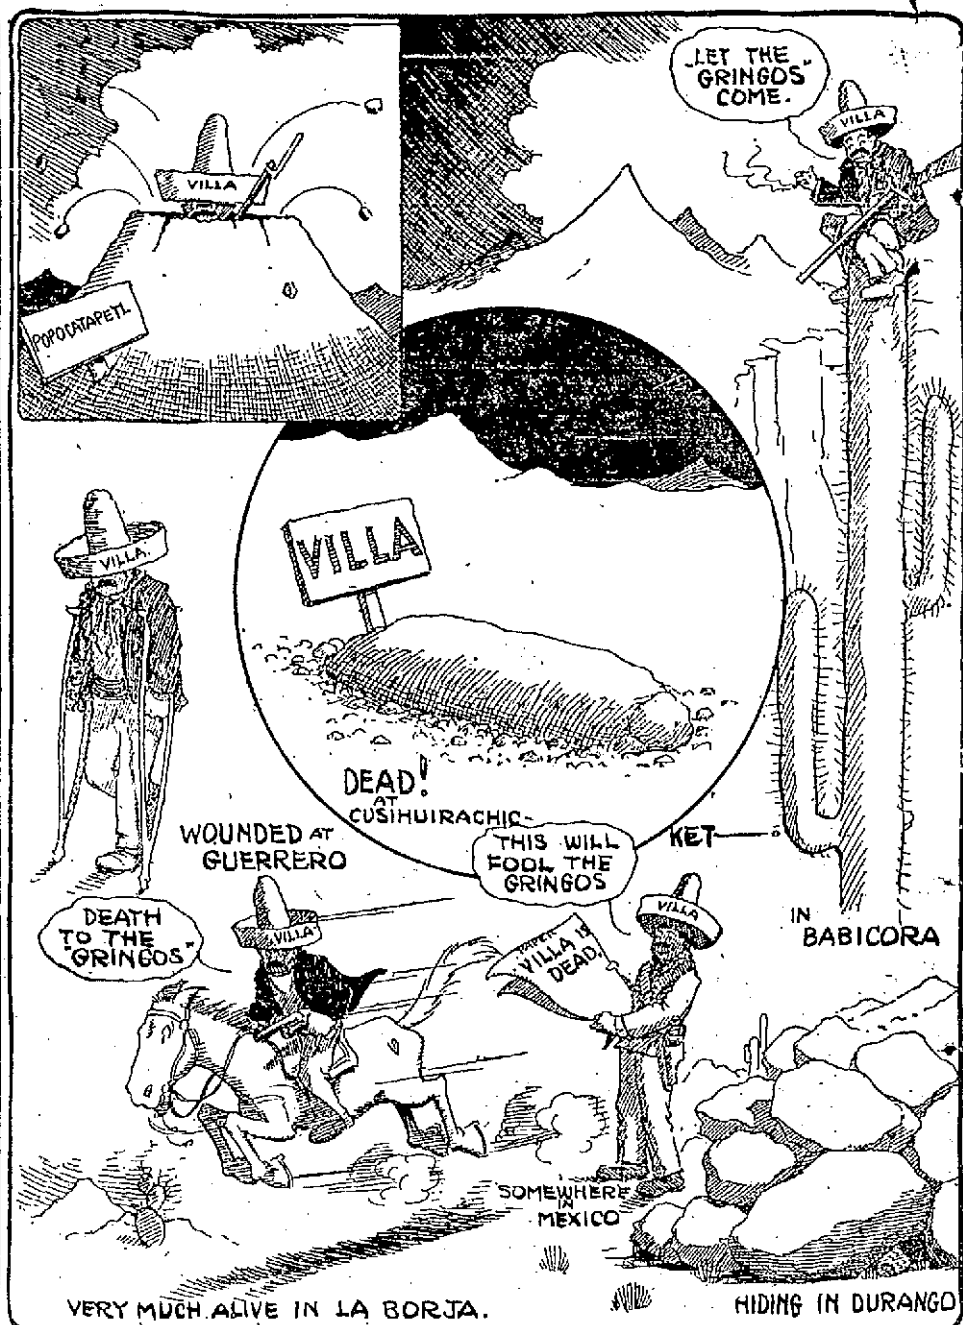

Suppose that by a deplorable coincidence of chronology the crisis should occur just at the time when the election of a president was pending.

We should hear much then of the familiar saying, "Don't swap horses while crossing a stream."

Would the doctrine hold? Would there be general acquiescence in the principle that the executive who had involved the nation in the trouble was entitled by that very circumstance to undertake the task of extrication?

In other words, does one had turn deliver another?—New York Sun.

## THE MYSTERIOUS MR. VILLA!

## THE COST OF WAR.

There was a time when the argument was made that insurance on lives would be an invitation to murder, giving encouragement to evil persons who might desire to reap a profit from the death of the person whose life had been insured. The absurdity of this argument soon became apparent, and now it is generally recognized that inasmuch as life insurance brings peace of mind, it may be said to add to the length of life. The same argument made against life insurance has been made also with reference to national insurance, which is merely another term for adequate national defense. A foreign nation would be less likely to encroach upon the honor of the United States if this country were known to be fully prepared for war. There would be fewer aggressions and less desire to test strength. History does not show a single case where the unpreparedness of a nation saved it from war. History does

show, however, many cases where the strength of a nation discouraged enemies from provoking a final break. If the expenditures for national defense were to have no other effect than to prevent war for one year, it would mean a saving of at least \$5,000,000,000 to the United States. Estimates based on recent official reports show that the expenditures of the four great powers at war are now running almost \$25,000,000,000 a year. The annual cost to Great Britain is \$5,000,000,000, to Germany and Russia each \$5,000,000,000, and to France \$4,000,000,000. No matter how much the United States would spend now to provide adequate defense, the saving would be tremendous, even if the moral lesson of preparedness should last but one year, and in case war should come the saving in human lives, the prevention of the slaughter that must always come to a country unprepared, would be beyond calculation in dollars.—Washington Post.

## W. A. SMITH PRAISES FORD.

"More than a month ago I sent word to Henry Ford by our mutual friend, William Livingston, of Detroit, that if Mr. Ford desired the compliment of the Michigan votes from the Republicans in the Chicago convention, I would gladly withdraw in his favor," said Senator William Alden Smith, of Michigan, in speaking of the recent primary vote in Michigan. "Political success has not turned my head and political reverses do not cast me down. I hope I am a good sportsman and can take blows as well as give them. I have been long enough in the harness to satisfy most men, and, frankly, I have no claims upon my party nor the people of Michigan that have not been fully and generously repaid. "The debt is all mine, and I shall continue to give to our state and to our party the service which I owe in return for the honors which I have received.

"Mr. Ford and myself are good friends. His marvelous success challenges the admiration of all men. His generosity and enterprise, his modesty and his keen human sympathy are to be envied. These are graces with which he has been liberally endowed and mark every step of his matchless career. We honor ourselves by honoring Ford the man. He may not be right in some things, but he wants to be right in all things. He is honest and he has been and will continue to be of incalculable service to his countrymen in the years which are to come. "The result in Michigan has excited no enmities or ill will, and as a good, strong Republican I shall be found on the fighting line and will do my full share to bring our party success, and I hope, in the interests of our state, the Republicans of Michigan may have a direct and strong influence in the ultimate choice of our next standard-bearer."—Exchange.

## TO HAMLET.

Your life was tragic at the best.  
Oh, melancholy Dane,  
But you'd no need to ponder last  
Perchance you lived in vain.  
And though you showed the players how  
To gain their daily pelf,  
You would be much bewildered now  
To see them play yourself!  
For Hamlets blond and Hamlets gray,  
And Hamlets fat and lean;  
All sorts of Hamlets dawn each day  
To keep your memory green.  
Some play you as if you were mad,  
Some were sane as ever;  
Some think Ophelia used you bad,  
And some that you snubbed her.  
In school, in club, in vaudeville,  
In movies or legit,  
These Hamlets act, or try to, till  
E'en you would tire of it.

So, if your sombre, brooding eyes  
This motley horde could see,  
You'd yet be asking which were wise  
"To be or not to be?"

## ISLAM AND THE SCHOOLHOUSE.

Another great disintegrating influence to Mohammedanism in Algeria, Tunis and Egypt comes from the government schools and the introduction of modern business and the employment of Mohammedan young men in government positions and in new processes of agriculture, irrigation and mechanical improvements. A recent report shows 50,745 students studying in the higher schools fostered by the government of Egypt, while more than 20,000 Moslem young women have been gathered into similar schools, supervised by government agencies. They are learning western ways and becoming accustomed to see life from the Christian point of view.

Behind all this teaching and educational service the predominant principles of the Bible may be felt. It is not uncommon to find among the Moslems of North Africa, in Algeria and Tunisia, and in the desert towns, discussions concerning certain portions of the Scriptures which these inhabitants have read in the pulpits of their Mosques. You will see the Bible man sitting on his mat in the centre of the market place, surrounded by his Bibles. Around him you will see a varied and picturesque assemblage. Here is a man who has come in from a far distant place in the desert with his caravan of dates. On another side of the Bible man you may see the town Arab, with his voluminous trousers, his gaudily embroidered jacket, his fox of red, and his impertinent supercilious face, ready always to discuss religion and to arouse arguments in the circle. A figure, swathed in white from head to foot, only a pair of jet-black eyes showing above her enshrouding veil, steps on the edge of the crowd to listen to the discussion. Arab boys from the desert, full of playfulness, sit and scrawl about the feet of the colporteur.—The Christian Herald.

## MUNCHHAUSEN'S BIRTHDAY.

The New York Author's Club announces that "in honor of the 150th anniversary of the birthday of Baron Munchausen, the Annals of Literature and the patron saint of writers of fiction, biography and history, and of war correspondents, advertising men, etc., special exercises will form a part of the meeting on Thursday evening, April 6. There will be an oration and brief addresses, biographic, critical, exegetical and appreciative. Let those who follow in his footsteps do him honor." The New York Sun intimates that the Author's Club is trespassing on the rights of Roosevelt's Annals Club and must expect a suit for damages.

## May Ask Bonds For Park

### CLUBS START PLANS FOR ELECTION

**Tax Levy Insufficient to Carry Heavy Purchases**

**Commissioner Would Put Proposition Up to Voters**

A committee of business men will hold a conference with Mayor Davis tomorrow with a view to including the mayor to give up his plan of submitting proposed park purchases to a bond issue. The arrangement for the conference was made by Dr. Samuel Buean, president of the board of park directors. The utmost secrecy was observed in making the plans for the meeting with the mayor.

A movement to have the purchase of the "Tut park site, the Joaquin Miller "rights" and other park site propositions submitted to the voters at a special bond election has been started among the improvement clubs, and the city council will discuss it with the park directors next Friday evening. The feeling is growing, according to representatives of the civic organizations, that it would be a bad precedent to have a park for a particular district purchased out of the funds of the regular tax levy, thus leaving the decision as to which of several localities should be chosen, to the discretion of the councilmen.

A majority of the city council apparently favor the purchase of the Tut property at High street, Brookdale and Lyon avenues, for \$10,000. The Brookdale Citizens' Club, Alameda Improvement Club and other organizations in the district have urged this purchase. It would be the first park to be purchased in the annexed district.

It is stated, however, that if this purchase were made it would be the first of a number of similar demands. The people of Elmhurst are anxious that the city should purchase a park for them. The Elmhurst district has also started an agitation for the purchase of the old Diamond property. The purchase of the Joaquin Miller property has long been urged. The Down Town Property Owners' Association and the Seventh Street and South Side Improvement Club have asked the council to complete the Auditorium park site by the purchase of land at Eighth and Fulton streets.

It is conceded that all these sites cannot be purchased from the regular revenue of the tax levy. It would even be impossible to make initial payments on each of the proposed sites. It follows that the city would have to be favored by the council. The commission are naturally somewhat wary of being forced into this position.

**URGES BOND ISSUE.**

"We should submit these matters to the people in the form of a bond issue," said Commissioner of Revenue and Finance W. H. Edwards. "They are the ones who have to pay the bills, and they should have the deciding voice as to whether the debt should be incurred in the first place."

"It is practically certain that we shall have to have a school bond election. The park site propositions could be submitted at the same time."

"There is talk of a \$3,000,000 bond issue, to provide for all our school needs for many years to come, and also for the purchase of these park sites. This would add about 15 cents to the tax levy. The matter should be carefully threshed out and the voters should inform themselves thoroughly before taking definite action."

The city holds an option on one park site only. This is the so-called Tut property, and was obtained by Attorney Francis St. J. Fox, a resident of the district, acting as the representative of the improvement clubs which have urged the park purchase. It is for \$10,000, and takes in 7.30 acres of land, which is owned as follows: Dr. F. D. Tait, \$25,000; William C. Tait, \$8,000; C. S. Elzer, \$5,000; A. J. Read, \$3,000; and Max Kraybill, \$2,000. These options, obtained in the name of the Brookdale Citizens' Club and other

## S. F. CITIZENS CELEBRATE 10 YEARS AFTER

### Tenth Anniversary of Fire and Quake Are Observed

**City Is Resplendent in Shrine of Progress; Reviews Work**

**Reports of Officers Are Heard by Delegates of Order**

**Redding Fights for Next Meeting of State Organization**

SAN FRANCISCO, April 18.—Today is San Francisco's "tenth birthday." Ten years ago today a city was wiped out and the ground cleared for the building of a greater city, and an Exposition to go with it. Tonight, in the Exposition Auditorium, the completion of the new city is to be celebrated "Ten Years After," observed as a day of joy and festivity, and the harrowing events of one morning ten years ago, looked back on, are regarded principally as a "tapping stone to greater progress."

There were informal exercises in the daytime, in playgrounds and parks. Tonight the principal celebration at the Auditorium takes place.

Seating capacity has been arranged for 25,000 men and women. The program will be fitting of the achievement of ten years by men and women of the city that "knows how." The San Francisco Chapter of the National Red Cross is today completing its campaign for 25,000 members.

Responses to 20,000 invitations have been received by the Commercial Club, and it is expected there will be half that many more guests. An invitation is not necessary, as admission is free and all are welcome. The program will open with a military band concert under the direction of John A. Kelso, to be followed by a song welcome from the Exposition chorus of 500 voices, under the direction of Robert Husband.

**BUSINESS MEN TO ADDRESS.**

Concert by military band. Exposition chorus of 500 voices will render "Great and Marvellous Are Thy Works" and "Stars in Heaven."

**INCIDENTS RETOLD.**

Many downtown business houses kept a quiet, open house, and many a man or woman who slept in a public street or park ten years ago tonight paused to tell of it. Most of the stories, like the one of the hotel whose side wall fell out, revealing the startled occupants scrambling into their clothes, had a humorous tinge; the desire for alcohol after federal troops closed all the bars was typified in the authenticated account of a man who drank the turpentine off the top of an open barrel of paint, and the tale of the millionaire banker who tried in vain to borrow a dollar from a newspaperman, was retold to indicate that the real distress was transitory. These stories were woven in with accounts of a large grasp of the situation.

## Native Sons Crowd Modesto Grand Parlor Now in Session

### N. S. G. W. IN REVIEW OF YEAR'S WORK

**Reports of Officers Are Heard by Delegates of Order**

**Redding Fights for Next Meeting of State Organization**

**Reports of Officers Are Heard by Delegates of Order**

MODESTO, April 18.—By a vote of 230 to 130 the Native Sons of the Golden West today decided to hold their next Grand Parlor in Redding shortly after the Grand Parlor of the Native Sons of the Golden West went into session.

Scarcely had the Grand Parlor decided upon Redding for the 1917 Grand Parlor when Vallejo and Sonoma announced campaigns for the Grand Parlor two years hence. Immediately Vallejo's delegates put in a bid for the 1919 Grand Parlor.

A strong movement to compel the closing of all public institutions of learning in California on Admission Day, was begun in today's session of the Grand Parlor, and a resolution to that effect was introduced. This is a slap at the University of California which is said to have failed to observe the day last year. The resolution will undoubtedly pass.

John E. McDougall, grand treasurer, announced that the Grand Parlor had been used in the first Admission Day celebration in 1875. The badge went through the great San Francisco fire in 1906.

"This afternoon Miss Juliet Brud of the University of California which is said to have failed to observe the day last year. The resolution will undoubtedly pass."

Although this contest for a moment overshadowed all other issues it did not entirely submerge the fight for the third grand vice-presidency, the winner of which will ultimately become grand president of the order.

**BOOSTERS AT WORK.**

Enthusiastic work is being done in behalf of the candidacies of William Treasurer of Los Angeles and William C. Davis of San Francisco. One prominent delegate, who confessed to being neutral, said he was not sure of the result of the contest as a "loss-up."

Aside from the session of the Grand Parlor itself, today's program called for a number of elaborate functions for the benefit of the visitors, Modesto and the Modesto Women's Improvement Club held a reception for the visiting Native Sons and their wives at the Hotel.

At 6 p. m. the past grand president's banquet, one of the most noteworthy affairs of the entire Grand Parlor, will be held at the Hotel Hotel, and later the delegates and their wives will attend the annual grand ball at the Auditorium.

There will be no formal session of the Grand Parlor tomorrow. Instead, all the visitors will be taken on an automobile trip through Modesto and Stanislaus county, special attention being paid to the irrigation district. Election of grand officers will take place Thursday.

The visitors from all parts of the state were formally welcomed to Modesto last night at a reception held in the city auditorium, when Mayor D. W. Morris bade the natives welcome, and Grand President John F. Davis of San Francisco responded.

The Modesto Native Sons and the Modesto Women's Club entertained today for the visiting women of the party while the Grand Parlor, in session, was in session. The Modesto convention city. Redding was conceded at noon to have the strongest chance for the session of 1917.

**CANDIDATES IN CANVASS.**

Ralph J. Williams of California and Frank L. Davis of California are fighting for the place of outside sentinel and there are ten candidates for seven trusteeships in the order. The election takes place Thursday. Ex-Senator John R. Curtin is on the job for one of the trusteeships and is campaigning in his characteristic fashion. Others are Walter Christian of San Jose, James Hoy of Martinez, W. J. Hayes of Berkeley, William Parrell of Berkeley, M. L. Leonard Thomas H. Lynch, James L. Foley, William S. Wright, all of San Francisco; Harry G. Williams of Oakland.

The following communication was read before the Grand Parlor:

"My Dear Judge Davis: It is 70 years since I started from Springfield, Ill., on our trip for California with my parents, sister and brothers and Donner family. It gives me great pleasure, Judge Davis, to send greetings to you and the rest of the Grand Parlor on this day. I congratulate the N. S. G. W. on having such a worthy grand president."

"MARTHA JANE REED."

(Little Patty Reed of the Donner-Reed party), Capitola Cal., April 14, 1916.

The annual Admission Day celebration, September 19, 1916, will be held by the Grand Parlor of the Native Sons of the Golden West at Santa Rosa. The vote honoring the city was unanimous on a single ballot at the first session of the thirty-ninth Grand Parlor.

Grand President John F. Davis, in his annual report to the Grand Parlor, reviewed the history of the Exposition year, and emphasized the part the Native Sons took in that vast effort to bring the Golden State into active co-operation with the civic, social and industrial progress of the world.

"In no feature of the Exposition's work, said he, was the order's accomplishment more brilliant than the epochal celebration of admission day. The whole state looked to this order to take the lead—to take almost exclusive control—and no people were more anxious to see a triumphant success. And, magnificently, the order rose to the occasion. Our own resources of organization, founded upon our reliance on this sentiment and on the loyalty of the order's membership, the attendance at the Fair upon that except the opening day."

A report of the Historic Landmarks Committee reviewed the work of preservation of missions. Mission San Jose, San Miguel Mission and the celebration of the two hundred and second anniversary of Junipero Serra's birthday were covered in the review.

H. Morse Stephens, as Father Professor of history of the University of California, made a report through the committee on fellowships in Pacific Coast history, in which he praised the research work of the traveling fellows, Cunningham and Leebick at Seattle. In speaking of the state commission for the sur-

## WOMEN VOTE TO TRAIN BOYS FOR DEFENSE

### California Federation in Session Declares for Preparedness

**Mothers State Measure Carried by Childless Members**

**Mothers State Measure Carried by Childless Members**

**Mothers State Measure Carried by Childless Members**

SAN FRANCISCO, April 18.—Military training in high schools was formally approved today by the California Federation of School Women's Clubs. In convention here, after a hot fight between mothers and single women.

"It was the women who have no children who passed this measure," protested the mothers after the vote had been taken. Many expressed themselves as strongly opposed to teaching children how to be soldiers. Mrs. M. M. Fitzgerald, president, presented the resolution, which was passed by a standing vote.

During the discussion of school children and their habits Miss Jessica Pexoto of the University of California told the delegates the teachers should be students of criminology. If they are, she declared, much work would be saved for detectives as criminal traits would be seen in children of the lower grades and these failings could be corrected.

"When the boy or girl is 13 years old," said the speaker, "it is too late."

Miss Agnes Reagan, member of the Board of Education, said that a school teacher should go into the homes of her pupils and study the environment in which they live. The suggested Miss Reagan might actually result in the saving of life.

"And," she added, "if a school teacher labors thirty years and saves the life of one child during that time she is well paid for her trouble."

Politics forms the foundation of the activities of the annual gathering of nearly 4000 delegates to the conference. Teachers' Association, Day section, in the Exposition Auditorium and the Girls' High School building, in San Francisco, today, in spite of the fact that the educators are apparently devoting all of their energy to the consideration of questions which have to do with education.

While learned ones on sundry subjects are talking in the lecture rooms thousands of the delegates are quietly scheming for the election of a president which will occur at tomorrow's session.

C. H. Dutton, superintendent of schools in Alameda, seems to have the best chance to win out. He is the only one of four possible candidates who has come out with the announcement that he wants the presidency. Friends of A. J. Cloud, incumbent, are boosting him for a second term.

### Mrs. Cherry Sent to Prison for Year

Mrs. Hazel Cherry, convicted, on her second trial, of aiding her husband in a "badger game" against Herman Hirsch, was this year sentenced to one year in San Quentin by Superior Judge F. B. Ogden. Her husband is serving 12 years as the result of the first trial on the same charge.

The Cherry case was one of the most sensational "badger" cases ever tried in the courts of this county. Mrs. Cherry and her husband were accused of extorting money from Hirsch after the wife is said to have entered the man to their rooms, where the husband found them together. She applied for probation, which was denied.

taken by the committee of fifty and the spontaneous generosity of the railroads, which furnished free transportation to anyone wishing to leave the city, and spent more than half a million dollars in this way alone.

CLEANED UP BUT KEPT ON.

The day's activities recalled to visitors that buoyancy of spirit which astounded the world a decade ago, and which perhaps was exemplified in the recollections of a well-known attorney.

"I was in New Orleans on my way to Europe for a three months' holiday," he said, "and when I saw the papers I knew I had lost everything I possessed."

"And you hurried back?"

"Oh, no. I considered that I was cleaned out and there were too many people in San Francisco in the same plight. So I went on with my trip."

Old-timers recall that the town, built to perilous heights under the mistaken impression that redwood, which was cheap, would burn slowly, if at all, had been reconstructed over the burned area, into a city of steel, stone, concrete and brick. A new civic center, costing \$8,000,000, has just been completed near the site of the old city hall.

and term. He seems reluctant, having declared that it would be precedent for him to seek re-election.

COMPLICATES AFFAIRS.

This has complicated matters somewhat, as the suffragist faction favors the nomination of Miss Agnes Reagan, member of the San Francisco School Board, and Miss Alice Rosa Power, principal of the Edison school in that city. Neither of these names will be placed in nomination, however, if Cloud consents to permit his hat to be shied into the ring.

In the meantime, four and five meetings, many of them of vital importance to teachers, are going on in the auditorium or in the high school building. Close to 1000 of the delegates to the sessions are teachers from this side of the bay.

DR. WILBUR MAKES ADDRESS.

Dr. Ray Lyman Wilbur, president of Stanford University, was the chief speaker at yesterday's session. He spoke on "The Inspiration of the Teacher." The history and progress of secondary education were explained by Professor W. W. Kemp, department of education, University of California. Will C. Wood, State Commissioner of Secondary Schools, spoke of the school system of Gary, Ind., while Miss Reagan discussed "Lines of Improvement in the Grammar Grade." Miss Reagan took up the culture against co-education between the ages of 12 and 18 years.

There are peace advocates there, too, representing the American Peace Society, who are taking out the distributives against any school cadet plans which may be advocated by the teachers.

While Robert C. Root, Pacific Coast secretary of the peace organization, was distributing this literature, F. M. Fisher, principal of the Oakland technical high school, delivered a lecture in favor of the high school cadet plan.

Delegates say that this is the best meeting in the history of the organization.

The big session, attended by teachers from all parts of California, is meeting in sectional as well as general sessions. Yesterday was the meeting of the elementary departments, when varied subjects were discussed. E. Morris Cox, Oakland's assistant superintendent of schools, was heard on the general work of the California Council of Education, and various means of improving elementary work were discussed.

Today also saw the meeting of the German section when the teaching of German in the public schools was discussed by university and common school teachers, and the commercial section today up a number of subjects in line with this work. The agricultural section meets tomorrow as does the physical culture section. Miss Signe Hurelthorne of Oakland will be one of the speakers of this section.

Large delegations of teachers from Oakland crossed the bay today to take part in the meetings in the San Francisco civic auditorium.

### Lorimer Puts Blame on Convicted Munday

CHICAGO, April 18.—William Lorimer, testifying today in his trial on charges of "conspiracy" growing out of the failure of the LaSalle Street Trust and Savings Bank, placed the blame on C. B. Munday, convicted vice-president of the institution for possession by the bank of large quantities of worthless bonds.

### Duncan E. McKinlay Estate Distributed

Final distribution of the estate of the late Duncan E. McKinlay was ordered today in the Superior Court, the decree being made by Judge William S. Wells, and the distribution to be made by Natalie V. McKinlay, executrix of the estate. The estate included various promissory notes, shares in coal and oil companies, and real estate in Oakland and in Sonoma county.

### Two More Oil Suits in Kern Are Filed

LOS ANGELES, April 18.—Two additional suits to recover oil lands in Kern county valued at more than \$500,000 were filed here today by the government against the Standard Oil Company and eight others, in its efforts to regain oil lands alleged to have been filed upon after the Taft withdrawal order of September 28, 1908, went into effect.

### Steel Corporation Advances Wages

NEW YORK, April 18.—The United States Steel Corporation today announced another advance in the wages of its employees, amounting to ten per cent, effective May 1. This follows a 10 per cent advance made in February. Both together represent a total increase in wages payments of between \$20,000,000 and \$25,000,000.

### Alleged Tong Gunman on Trial in North

PORTLAND, Ore., April 18.—The aftermath of the recent coastwide tong war was heard today with the beginning of the trial of Louis Wing, alias Ah Loy, charged with murdering Leong Yin Luk. Louis Wing is supposed to be a Bing Kong gunman. It was he who was captured after an exciting chase following the shooting of Leong Yin Luk in front of a downtown restaurant.

Loi Gong, another alleged Bing Kong gunman, who has been at liberty on \$2,000 cash bail furnished by his tong, was released yesterday. He was accused of shooting Jung Wah. But Jung recovered after two months in a hospital. Judge Morrow yesterday fined Loi Gong \$500, which was promptly paid, and the celestial left for parts unknown.

### Mob Stones Workers at Conduit Plant

HASTINGS, ON HUDSON, N. Y., April 18.—A mob of men which included strikers from the plant of the National Conduit and Cable Co., stone employees on their way to work today, later attacked the company's offices and this afternoon became so violent that Sheriff Welsander gave serious consideration to calling out the state militia. One deputy sheriff fell dead while the sheriff's men were attempting to disperse the rioters. The strikers, numbering about 2000, demand an increase in wages and an eight-hour day.

Many women participated in the disturbance today. When the deputies endeavored to end the trouble a battle ensued during which the rioters were driven off temporarily. Later the deputies were armed with rifles.

## The Sanitary All-Gas Kitchen

Picture to yourself this kitchen in operation—the Automatic Gas Water Heater in the basement, without any attention save the turn of a faucet, supplying you with unlimited, inexpensive, pure hot water. Unlimited because the water runs piping hot as long as the faucet remains open—the laundry and bath, supplied at the same time. Inexpensive because the heater is self-operating and burns gas only while you are drawing hot water. Pure because the water is heated as it passes through the long copper heating coils direct from the water main.

Think of the Modern Gas Range, especially equipped for any mode of cooking, heat easily regulated to a "just right" temperature, no dirt, no ashes, no excessive labor, and all this comfort and convenience at a low cost for gas.

The best demonstration of the merits of these "comfort makers" is to see them in operation, or a postal will bring you complete information by return mail.

## CHILDREN AVAIL THEMSELVES OF TRIBUNE'S COUPON MATINEES AT BURTON HOLMES TRAVELOGUES

That the school children of Oakland, Alameda and Berkeley have appreciated the enterprise of The TRIBUNE in arranging the special daily matinees at the Macdonough Theater of the Burton Holmes Travelogues is evident by the large number of children who have made inquiries at the theater for seats.

The arrangement of The TRIBUNE for these special matinees which began yesterday and will continue until next Saturday, commencing at 4 p. m., will enable all children presenting The TRIBUNE's Burton Holmes Travelogues Coupon, printed below, to secure any seat in the Macdonough Theater, at the reduced price of admission of TEN CENTS.

These coupons will not be good for the daily regular matinees given at 3 p. m., when the price of admission is 25 cents, or in the evenings, when the seats will be 25 and 50 cents.

The TRIBUNE's special matinees are for the benefit of the school children only and adults cannot use the coupons at any time.

Remember, children of the Bay Cities, you will be able to see some of the great sights of the world by witnessing the Burton Holmes Travelogues and you will hear all about them by the "travel talks."

Don't forget. THE PLACE is the Macdonough Theater. THE HOUR is 4 p. m. DAILY during all of this week. Be sure and have your TRIBUNE COUPON with you and present with TEN CENTS at the box office of the theater and do not get to the theater late. Be there by a quarter to four any afternoon.

**MINE CASE BRINGS BACK GOLD DAYS**

**Suit Against Owners of Famous Producers Harks to Past.**

Echoes of California's early "gold days" were revived in the Superior Court, and attorneys today, in discussing the striking days of yore, almost forgot the legal tangle they were seeking to unravel, in the case of Bank Burko suing E. J. Murphy and J. E. Poulos as owners of the famous Carlotia gold mine in Tuolumne county, for \$15,000 alleged to be due him as a commission.

Burko alleged that the defendants gave him a written contract to sell the mine for \$150,000, he to get commission of \$15,000 for putting through the deal. He declares that he found a buyer almost at once, and that the owners, getting the idea through his speed, that the mine must be more valuable than they supposed, refused to sell.

David Neagle is also one of the defendants. He is the man who figured in the shooting at Lathrop, when, years ago, Judge David S. Terry is said to have made an attack on Judge Stephen J. Field of the United States Supreme Court. Neagle shot and killed Terry at the time, saving the life of the other jurist.

The mine is an old property and a famous gold producer. It was named after Carlotia Crabtree, early day singer, who presented San Francisco with Louis's Fountain, and who was recently a guest of municipal.

**NOTICE OF PUBLIC WORK.**

NOC. 15. HEREBY GIVEN: That on the 6th day of April, A. D. 1916, the Council of the City of Oakland passed Resolution of Intention No. 12429 N. to order the following street work to be done, to-wit: That all the following described part or portion of parcels of land, to-wit: Lot 1 and 2, situated in the City of Oakland, and designated upon that certain map entitled, "Map of the Pacific Homestead, situated in the City of Oakland, and surveyed by W. F. Boardman, Esq., and recorded on the 23d day of June, 1889, in the office of the County Recorder of said county of Alameda, in Volume W of Deeds, page 3 thereof, be closed up and abandoned, to-wit:

Commencing at the point of intersection of the northerly line of Twenty-first (formerly Twenty-second or Walnut Street) with the easterly line of Peralta Street, as said Peralta Street is laid down, delineated and so designated on the map heretofore described and running thence northerly along said easterly line of Peralta Street to the intersection of said easterly line of Peralta Street with the southerly line of Broadway; thence southerly along said easterly line of Broadway to the intersection of said easterly line of Broadway with the westerly line of said northerly line of Twenty-first Street; thence westerly along said northerly line of Twenty-first Street, to the point of commencement.

Being a portion of Peralta Street, as said street is laid down, delineated and so designated on that certain map, and situated in Oakland, Alameda County, surveyed by W. F. Boardman, Esq., and recorded on the 23d day of June, 1889, in the office of the County Recorder of said county of Alameda in Volume W of Deeds, page 3.

That said Council of said City of Oakland hereby declares its intention to close up and abandon the above described part or portion of said Peralta Street; that the land deemed necessary to be taken for the aforesaid work or improvement is hereby declared to be the land lying within the boundaries of the above described part or portion of said Peralta Street, to be closed up and abandoned, as aforesaid;

That the exterior boundary lines of the district of land to be affected and benefited by said work and improvement and to be assessed to pay the damages, costs and expenses thereof, are as follows, to-wit:

Bounded on the west by the center line of Broadway, on the south by the center line of Twenty-first Street (formerly Twenty-second or Walnut Street) and said center line produced westerly in a straight line to said center line of Broadway; on the east by the center line of Webster Street, and on the north by the center line of said third Street (formerly Laurel Street).

Being a district of land in the City of Oakland, County of Alameda, State of California.

All of the aforesaid improvement shall be done in accordance with the provisions of act of the legislature of the State of California entitled, "An Act to provide for laying out, opening, extending, widening, straightening, improving, or otherwise altering any street, square, lane, alley, court, or place within a municipality, and to condemn and acquire any and all land and property necessary or convenient for that purpose," approved March 8, 1888, and all other acts amendatory thereof or supplementary thereto.

For further particulars, reference is hereby made to Resolution of Intention No. 12429 N. S. for the above described work, on file in the office of the City Clerk of the City of Oakland. This notice shall be published for ten days in the Oakland Tribune, being the newspaper designated by said Council for such publication.

## Five Oakland Men Fined for Speeding

Five Oakland motorists were among the twenty-five alleged speeders arrested on the Foothill boulevard Sunday. Fourteen speeders appeared before Justice of the Peace Mattos at Centerville yesterday and with one exception fined each \$25. Ed Williams pleaded he was the only support of his family and was discharged with a warning. The other eleven cases were continued.

Oakland people who appeared before Judge Mattos were F. S. Huffman, F. Erickson, R. W. Paris, E. R. Evans, W. H. Barber and J. D. McCarthy. C. I. Stanley of Del Monte and J. F. Beck of Berkeley were among those present.

**Boys Discharged by Court on Evidence**

Charges of grand larceny against Morton Bliss and John L. Linliva were dismissed by Police Judge Morton Smith today on motion of Prosecuting Attorney Ezra Decoto, and the two youths released. They were to have been arraigned on the felony charge this morning.

Bliss and Linliva were arrested a week ago on complaint of John Kowacki, 237 Eighteenth street, who alleged that they had given him a check as first payment for the purchase of an automobile. The boys took the car and when they had remained out of the city for three days Kowacki swore to the felony complaint charging the theft of the motor car.

In court this morning Bliss and Linliva produced a receipt signed by the complainant showing that he had rented and not sold the car to them. It was on this evidence that Decoto asked for the dismissal of the charges against them.

**Reception Given by Temperance Workers**

The Oakland Women's Christian Temperance Union gave an informal reception yesterday afternoon to Mrs. Margaret Pelton, a prominent W. C. T. U. worker, who plans to make her home soon in another county. Mrs. Pelton, who for many years was president of the Alameda Union, and of the Fresno Union, was paid tribute in speeches by the president, Miss Jennie Redfield, Mrs. Kimma Baudee and others, including Mrs. Sturtevant-Pett, Mrs. Maurice Randall, socialist, and Rev. E. P. Baudee also assisted in the program, that concluded with a social hour, during which tea was served.

It is announced that the Oakland Central W. C. T. U. offers \$10 for the best essay written according to directions sent out to the high schools, and \$5 for the best essay from the grammar schools. The county organization duplicates this offer. Essays must be in by May 1.

## DE LUXE RAID ON DAROUX CARD ROOM

Police Wait in Chairs While  
Visitors Deliberate on  
Quiet Surrender.

SAN FRANCISCO, April 18.—Barricaded in a room of Frank Daroux gambling place, on the seventh floor of the Westbank building, Ellis and Market streets, forty-eight "visitors" to the poolroom held off two officers from 4:30 until 6 o'clock last evening, finally surrendering because they were hungry.

While Corporal Larry Boland and Patrolman Patrick Walsh were waiting for the word of surrender, Daroux walked into the room, occupied by the officers, looked around and walked out again. He was not placed under arrest, although it is known that he is proprietor of the poolroom.

DOOR BARRICADED. When the officers entered the gambling den, confiscated cards and chairs as evidence, six visitors to the place, submitted to arrest. The other forty-eight bolted to the adjoining room and barricaded the door. The police did not break down the door, but took chairs and waited for the men to come out.

When the "visitors" agreed to surrender, Corporal Boland telephoned for the police patrol and the men were taken

## Indians Object to Land Patent Plan

PENDLETON, Ore., April 18.—Indian tribes of the Pacific Northwest are not friendly to the proposal of the Secretary of the Interior to issue patents to Indian lands, abandon the bureau of Indian affairs and leave the individuals of the race to work out their own salvation. As a protest against such legislation, the Indians have arranged to send to Washington one of the Yakima headmen, who will be accompanied by Thomas K. Yellup, a full blood Indian interpreter. They argue that the experience of the government in the issuance of patents thus far demonstrates that the Indian cannot cope with the white man and that protection is necessary. The lands of the majority of those who have received patents in the past are either mortgaged or alienated, according to Yellup, who was here today.

SANTA FE SEES. MERCED, April 18.—Alleging that negligence on the part of the Crocker-Huffman Land and Water Company caused a ditch siphon to break, which in turn produced a washout on the railroad, resulting in a delayed passenger train, wrecking the cars and injuring passengers, the Atchison, Topeka and Santa Fe system yesterday filed a complaint seeking to recover \$16,582.34 damages.

to the central station, where they were booked as "visitors to a gambling hall." Frank Taylor, who admitted that he was keeper of the game, was among the forty-eight booked at the city prison.

## Kids Crowd Under Big Tents Barnes Circus Is Wonderland

The voice of the steam "cally-ope" is heard in the city and back to the days when it used to set the alarm clock for 2 a. m., that it might go down to see the show come in, has gone the heart of older Oakland. Out on San Pablo avenue, near Forty-fifth, the big tents are pitched. There is a ring or two more inside than there used to be, but as for the rest, down to the pack of kids ticket in hand, elbowing each other at the main entrance, it is much the same.

One thinks of the circus in terms of animals, lemonade, belly-hoo men, peanuts, clowns and wonderful indes on horseback. All these things are out at the grounds this afternoon and will be there this evening when the last chance to see the Barnes show will be afforded.

SOMETHING NEW HERE. There used to be a saying, "There is nothing new under the sun, and most of all a circus." Out under the sun this afternoon the children, small and grown-up, are finding the ever-new wonders and in addition some that bella the quotation. One used to walk through the animal tent, if he wasn't so late that he had to rush through, and poke

peanuts at the monkeys. He would stand the sleeping lions and hang about for a while hoping that one might yawn and show his teeth. It was exciting and fun, no doubt of that, but the Barnes show goes it one better. At this circus the animals come out in the big top and do their tricks. The lions, well groomed and looking like the ones on the covers of our picture books, dash in with blood-curling yells so that little Johnny and Mary Oakland really get the exquisite thrill of it all. There are seals that are a show in themselves and animal clowns that are the reason for the hyena's laugh. Picture books, even in color, aren't in it at all. Here is a moving picture book!

CLOWNS, PRETTY LADIES. Of course there are other clowns, too, and horses, and races and pretty ladies with their fluffy short skirts. And there is the man who comes around to sell tickets to the concert or after show, and the big triple appearance that make their appearance out of the nowhere only on circus day. A whole lot of fathers and mothers found it necessary to take the children to see it all and really, you know, the children ought to go. The Barnes show pleased thousands yesterday and will please many more before the midnight chime announces the tearing down of scenery. Which the management has emphasized the animal feature and has given an educational value to the show which no child should be denied.

Tomorrow morning all that will be left of the wonders that are making little eyes sparkle for memory's sake, will be four sawdust rings on a vacant lot. Unless "kids" have changed their will be a bunch of them there poking around to see if "somebody maybe didn't drop" a quarter, or a dime, or a nickel. Then there will be clowns in hundreds of back yards for a week or two and the whole thing will be gone. It is great to be a boy when the circus comes in vacation time!

## Motion Picture Men Seeking Locations

Oakland this week will be "covered" by several of the best known motion picture directors and "location men" in the motion picture world, when "locations" for film be sought in the city and points inspected, indexed and laid out for use in film plays, and the entire city and east bay region laid out as possible scenes for motion picture companies. The work is being done under the direction of Chris Richards, the famous motion picture comedian, who is to head the acting forces of the new features motion picture studio which, if present plans are carried out, will be established in Oakland within the next few months.

The studio will turn out all films for the vaudeville circuit as well as for general exhibition in all parts of the world. A mammoth motion picture organization will be established, to be the largest of the kind in the world, and another department will turn out other important films.

Richards will confer with Secretary Joseph E. Caine of the Chamber of Commerce and other business men. The motion picture studio will cover the scene and factories of Oakland, University of California, Berkeley hills, Alameda beaches, and will visit Richmond, Elgin, Hayward and Mount Diablo.

## Brewer's Remains Are Shipped to Idaho

The remains of Albert Frank Brewer, general superintendent of the Oregon Short Line, with headquarters at Pocatello, Idaho, were shipped back today to that place, where funeral arrangements will be made.

The noted railway head passed away last night in Oakland while visiting G. E. Gaylord, 535 Lake street, with Mrs. Brewer. Heart failure was declared by attending physicians to have been the cause of death. Brewer, who was 54 years old, had been visiting the Gaylord home for several days and last night was suddenly stricken.

For the past twenty years Brewer was connected with the Oregon Short Line. Prior to that time he was superintendent of the Denver and Rio Grande and was known throughout Western railroad circles. He is survived by a widow, Mrs. Dora Brewer.

## Kingsburg to Aid in Raisin Festival

FRESNO, April 18.—A combination celebration of a floral festival and a rally by the Commercial Club boosters for Raisin day in Kingsburg resulted in Kingsburg promising to close the city gates for a day and attend with the people of other cities the pageant of the Prince and the Magic Raisin.

Twelve boosters, fifty Sun Maids and Wylie M. Giffen made up the Fresno contingent. Following the flower car parade the boosters and Sun Maids led the parade to the fair grounds.

Rev. Dr. Williams made a short talk, followed by Mayor Andrew Erickson, who gave the address of welcome. Wylie M. Giffen followed with a short response. The Kingsburg ball players, in a fast game, won from the Sun Maid team, by a score of 4 to 2.

## One Day of Rest Good for Oil Wells

TAFI, April 18.—The Sunday closing movement started by Superintendent J. N. Ripple of the Macco Oil Company, in that the lease is to be shut down each Sunday, passed its second holiday, with the wells in its manner showing any ill results from a day's rest. Many of the wells, instead of showing up poor because of being allowed to stand for twenty-four hours showed up better, which is giving Ripple the belief that a benefit will accrue from the one day each week shut-down, this benefit to be apparent not only in the wells, but to the men, also.

## Masons of State at R. A. M. Convention

SAN FRANCISCO, April 18.—Masons from all parts of California are in San Francisco for the annual convention of the Grand Chapter, R. A. M., of the State. The meeting yesterday resulted in the choice of officers of the Grand Council, R. A. M., and tomorrow a full day will see other candidates named. More than seventy-five visiting Masons from other parts of the State, a large delegation from Oakland and big bodies from San Francisco are taking part in the meetings. Plans will be made during the meeting for the entertainment of the Grand Commandery of Knights Templar in California next year.

## L. A. County Employees to Join Soldier Camp

LOS ANGELES, April 18.—A limited number of employees of Los Angeles county will be permitted to attend the military training camp at Monterey this summer at full pay. It was announced today pending final action by the supervisors on a resolution to that effect.

STATE PAYS FOR SHOES. SACRAMENTO, April 18.—When Dr. J. McMahon of the Mendocino state hospital was making a trip on state business in the East, between Buffalo and Chicago, a pair of his shoes disappeared. Yesterday Dr. McMahon's claim for expense accounting, including the net value of the shoes at \$1.50, allowed by the State Board of Control, was sent on to the State Controller Chambers to be paid.

## Fossil Jawbone Is From Tertrabelodon

BAKER, Ore., April 18.—A fossil declared by local scientists to be the lower jawbone of the prehistoric tertrabelodon, one of the earliest species of elephant of which there is any record was placed on exhibition here today. It was found in the excavation of the Virtus mine, near here.

PETITION AGAIN DENIED. MARTINEZ, April 18.—Another attempt made yesterday by Mrs. Belle Wing to establish the legality of her marriage to the late William Wing, killed five months ago in Stockton by a Santa Fe train, failed when a petition was denied asking that the estate of \$1500 be turned over to her. Mrs. Brownie Stronberg, daughter of Wing, is contesting the right of Mrs. Wing to the property.

## Grain Crop in Need of More Showers

HANFORD, April 18.—The early spring on the west side and in the Hanford show the great need of rain, the timely arrival of which would save the crop. The wheat and barley sown at a later period is in excellent condition and gives promise of a big yield. Farming on the west side is growing to such a scale that that portion of the county is fast assuming importance. James Ervin and J. E. Anderson, who are both largely interested in Hanford for further business improvements.

CAR SPEED CUT. LOS ANGELES, April 18.—Santa Monica authorities and the Pacific Electric clashed yesterday, with the result that a drastic order was issued which will hold the speed of electric cars to twelve miles an hour within the limits of that seashore municipality.
